

Creating Money: Attracting Abundance (Sanaya Roman)

"With stories from south central LA to the jungles of Peru, these deep and honest reflections by one of the country's most powerful mindfulness teachers focus on compassion as the fiercest and most effective response to suffering"--

The ubiquitous angels of everyday life are introduced in this fully revised and expanded bestseller. Buoyed by the firsthand experiences of regular people who have interacted with angels, the book offers guidance on how to reach out to the gentle beings who have chosen to serve mankind through help, support, and healing. The identities and purposes of a multitude of angels are explored, from the small angels who care for the slightest daily tasks to the enormous archangels who cast light over great universal projects. By raising consciousness and awareness about these heavenly spirits and the amazing companionship they have to offer, this investigation offers a glimpse into a more evolved world full of peace, light, and joy. Meditation is made out to be way more difficult than it truly is. One of the reasons for this is that there are so many different ways being taught. The purpose of this little book is to dig down to the foundation of the process of meditation and talk about why things are done in various different ways. The fewer the rules and rituals the easier it is.

A course in spiritual growth.

The all-purpose-minded God imagined a glory of form that--until this time--he had not used. The image, idea, thought, and concept of an entity having the ability to operate with immense joy and pleasure were just a mere thought to him. They reminded him of his own character through divine intervention of tremendous power. This power of mind was a product of meditation. It was done through thoughtfully creating chemistry, which produced texture. The formation of this texture is gas and energy. This gas was used as an agent of space. It is the consumer of buoyancy in time, which is displayed in an incredible fashion. It reveals mysteries. It is the inscrutability of imagination through deliberation, contemplation, and concentration.

In July of 1989, Tashira and Suzane Coronis formed Angelic Outreach to be the first physical plane expression of the Council of Ein Sophs vision of multi-universal ascension. Angelic Outreach was designed to support incarnate Lightworkers to awaken to their multidimensional vastness, embody Divinity, and to lighten up planet Earth. On May 30, 1994 a dramatic shift occurred in the Divine Plan for planet Earth. The entire time frame for planetary ascension was accelerated. In June, 1994, many of you experienced the surfacing of intense survival fear and enemy patterning, old physical traumas briefly reappeared, time accelerated and you feel frustrated about completing projects. These energies were emerging out of your genetic encodements. If you know what is happening to you and know that it is part of a coherent process, then you feel less crazy. The purpose of "What is Lightbody?" is to allow you to find your place in that process. Every decision that each of us makes affects the ascension process. We are co-creative Masters, beings of Light, and we see you as Light Masters also.

This is the book that has served as an entry point to the Law of Attraction for thousands of readers throughout the world. David Gikandi starts with basics. Wealth is not about having buckets of cash--although that might be a by-product of wealth. True wealth understands the value within. True wealth flows out of developing "wealth consciousness." True wealth flows out of internalizing the mantra: "I am wealth. I am abundance. I am joy." To help people better understand and utilize this simple system, a 16-page study guide has been added to the original text, making it the ultimate self-help book.

A revolutionary program that can free your financial energy, increase your wealth, and help you achieve personal life goals "Money is congealed energy," said Joseph Campbell. And releasing it releases life's possibilities. . . . Thousands of people worldwide have learned how to build a powerful new relationship with their money and bring their dreams to fruition through Dr. Maria Nemeth's dynamic workshops. Now you can, too. In The Energy of Money, Dr. Nemeth—who received an Audio Publishers Award for her Sounds True series on which this book is based—draws upon her more than twenty years' experience in synthesizing spiritual and practical techniques for managing yourself and your work. Combining a complete self-help and self-discovery regimen with proven methods of money management, this powerhouse guide to prosperity presents twelve principles that will help you to • Uncover the hidden landscape of beliefs, patterns, and habits that underlie and sometimes subvert your everyday use of money and personal resources • Tame the dragons of driven behavior and busyholism • Defuse fears of deprivation and scarcity • Embrace and work through paradox and confusion • Consciously focus your money energy • Clear yourself to receive the energy and support of others and the universe • Develop and stay on your personal path to abundance Through easy-to-follow exercises and meditations, effective worksheets, and other interactive processes, Dr. Nemeth will guide you to financial success and help you manifest your special contribution to the world.

The law of attraction is all about choosing your thoughts in a way that leads you towards the end result you wish to create. Most people understand the intellectual basis of the Law of Attraction, but putting it into practice is a whole other thing. The end result is frustration because although some things start happening, many other important things aren't moving at all. The question for you to answer is: are you someone who gets consistent results from using the Law of Attraction deliberately in order to manifest the life you want? Or are you like most others, whose experience is more of a hit or miss sort of situation? Are you someone who sees others create what they want, but for the life of you, you can't figure out what you're doing wrong? If you relate to either one of these situations then chances are that your understanding of how to use the Law of Attraction is somewhat incomplete or that you are missing something in the practical application of the concepts. No matter where you're starting from, rest assured this quick read book will set things right for you. At the end of this book you will have it all figured out.

After the publication of his best-selling book Power Animals, many people inquired about the meaning of spirit animals that were not contained in that work. With each animal listed, you'll find general meanings of the visitation; practical ways that they can help you as spirit guides; and how, as your power animal, they reflect characteristics that you possess. You'll also find a "whom-to-call-on" section that will tell you which animal spirit guide to call on for any specific purpose.
