A Novel The members of a top secret SEAL Team can't keep their passion under wraps in the first novel in this contemporary romantic suspense series from New York Times bestselling author Monica McCarty. Like Rome's Lost Legion, a SEAL platoon goes on a mission and vanishes without a trace... After walking into a trap on a covert op in Russia. the men from top secret SEAL Team Nine are presumed dead. Not knowing whom they can trust, and with war hanging in the balance, the survivors must go dark and scatter around the globe. Marine ecologist Annie Henderson joins her new boyfriend on a trip to the Western Isles of Scotland to protest a hazardous offshore drilling venture. When she realizes that she may be swept up in something far more dangerous than she'd intended, there is only one man she can turn to... She and the mysterious but sexy dive boat captain haven't exactly gotten off to the best start, but something about his quiet confidence makes her think that he's the kind of man she can depend on.

Cooper Nelson's SEAL career was cut drastically short when an explosion left him almost completely deaf. With so much of his pride and self-worth tied to the profession he loved above all else, Coop struggles in his nearly silent new world, his future seemingly bleak...until Commander Hurt badgers him into volunteering at the Riverton School for the Deaf. There, he meets teacher Kiera Hamilton, who opens his eyes—and his heart—to a love more fulfilling than any job could be. Ten years his senior, Kiera can't believe Coop would ever be interested in anything long term, but he patiently proves her wrong. And she's not the only one enamored with the sexy former-SEAL—her impressionable first-grade students are enthralled with the man, especially Frankie. The troubled young boy flourishes with the students, and gets closer to Kiera, Coop's happier than he's ever been...until an attempted abduction at the school threatens to take away everything that makes his new life worth living. **Protecting Kiera is the 9th book in the SEAL of Protection Series. --- Read what others are saying about New York Times bestselling author, Susan Stoker: "Susan Stoker never disappoints. Married young and for all the wrong reasons, she's standing on her own two feet at last-and proud of it. Then comes the biggest shock of all--Gabe returns home. But he can't shake the secret that he broke Laney Calhoun's heart a decade earlier when she left for medical school--alone.

Now Jamie must keep at bay her craving for danger as she spearheads a search for the truth that just may blow Chris's career to bits—and put them both in the crosshairs of an unseen enemy. Jaxon: I didn't miss the war, but I sure as hell missed my team. I am a Navy SEAL, all my buddies are SEALs, traveling the world, saving lives and fighting for our country. That's what we do! I didn't want the rod in my leg, and I wasn't gonna let an injury keep me from the life I loved. Unfortunately, my CO had a different idea. Since leaving the SEALs, I've been a PI for my buddy's agency. I spent my time chasing down cheating husbands and corporate criminals. I worked hard in the private sector, but I was bored. I couldn't remember the last time I'd taken a vacation. So, when I found out my next job was to bring an embezzling former accountant for Genotym Inc. back to Houston to face charges and it was going to take me to the Caribbean? How could I say no. I wanted the sun, the beach, and the women in bikinis looking for some attention. I wasn't counting on intense attraction and soulful green eyes. After all, how hard could it be to get one woman on a plane back to Houston... Amelia: I couldn't believe I'd fallen for Michael Smith's BS. He was my boss at Genotym, Inc. and I should've known better. I liked to deny it, but I had the proof on a USB. I quit, told him he needed to come clean, cashed out my 401K and took off to Grenada to licked my wounds and figure out what I'd do next. When I was almost mugged on the streets of St. George's, a handsome stranger came to my rescue. He was the sexiest man I had ever seen. He seemed like the type that left broken hearts in his wake. I wasn't looking to get involved but when things go from bad to worse who else could I turn to for

But Diviney was often surprised by who succeeded. Those with the right skills sometimes failed, while others he had initially dismissed became top performers. Why weren't the most skillful candidates the ones who would succeed best in some of the world's toughest military assignments? Through years of observation, Diviney cracked the code: beneath obvious skills are a successful recruit's core attributes, the innate traits for a person's performance as an individual and in a team. This book defines these key attributes - including cunning, adaptability, even narcissism - so you can identify and understand your own and those of people around you, helping you perform optimally in all areas of your life.
