Change Your Life in an Hour urges you to take back control of how you choose to spend your time – and subsequently your life. Laura Archer first realised the power of small choices when she started reclaiming her lunch breaks and using them to achieve personal goals. In this, her second book, she inspires you to target your mental, emotional, and physical health through simple but empowering actions that can fit around any lifestyle. The book focuses on three centres of activity: Head – Looking at how important good mental health is, and how we can achieve it through guiding our thoughts and the stimulus we input to our minds daily. Heart – As a society that prioritises rationality and empiricism, our hearts sometimes get left behind, as we listen to our heads first.*

*In Stop Sabotaging Your Life: 3 Steps To Your Full Potential, acclaimed life coach Bruno LoGreco shares his simple path to achieving healthy mental and emotional independence. How many times have you caught yourself thinking something like this?: I'm not enough—good enough...smart enough...good looking enough...successful enough.... LoGreco says we sabotage our lives by focusing too much on being what others want us to be and do, and not spending enough time listening to our own hearts and minds. Some people try to find self-acceptance and contentment through counseling, but end up trapped on the therapy treadmill. Others try to go it alone, but still end up in a tiresome process of navel-gazing that never leads to personal fulfillment. LoGreco offers a three-step plan to help you reach your own potential: self-awareness (recognize what you have been doing, and why); rebuilding values (learn a different way to do things); and reach your full potential (identify opportunities and set meaningful goals). You will learn to leverage your strengths to stop chasing illusions and work toward achieving your dreams. LoGreco doesn't claim his book will cure everything that ails you. As he says, "There is no secret formula, no magic pill that will make you happy, productive, and successful. You must challenge your beliefs and take back control of your choices. Don't just think outside the box—break out of it altogether." What clients and readers are saying about life coach, mentor, and motivational speaker Bruno LoGreco: "As a divorced mother of three, I've encountered many obstacles, mostly personal ones within myself. I wondered why I kept repeating the same patterns with the men I was dating and why it always ended badly, usually*

That would describe me in the past.... I came across Bruno, and I knew he was the man. His personality exudes authenticity and geniality. The man simply knows his stuff, has this uncanny ability to read between the lines, and zero in instantly on underlying triggers. His structured approach steers you to address issues head on; challenges you to challenge yourself; opens your mind; helps you understand behaviors, experiences and patterns; gets you in touch with yourself; fuels a sense of purpose and passion; and escorts you to chart a new course to life. He never judges, but relentlessly encourages and empowers you. He's truly a brilliant, genuine and a humane person with an infectious enthusiasm to make you seize your inborn potential.” —Adrian“*If I had to sum up my experience with Bruno in one word, it would be 'awakened.'* Bruno helped me see life from a different perspective, which is what I needed, but most importantly, he showed me how to do that myself without being dependent on him.... Bruno got me to step outside of my comfort zone and do things I normally wouldn't have done otherwise, which is undoubtedly the key to growth.” —Blaine

Boring, but completely gorgeous. That was my first impression of him. My next two thoughts were 'pompous ass' and 'cocky jerk.' And, I had the glorious pleasure of sharing a table with him for the entire night. He didn't speak, didn't grunt....he just nodded and stared. If I weren't taking my boss's place at this dinner, I'd have found another place to sit and escape Rylan Daniels. 'Absolutely beautiful' was what I thought when I found her at my table at the Ad Execs quarterly dinner. She wore a black strapless dress and exuded confidence from every part of her. I nodded to her, but didn't speak. I really didn't have much to say anyway. I couldn't quit staring and had to excuse myself at one point to stand across the room and watch her. It was a strange, unwelcome feeling I was having about this stunning woman. It had been five years....five years since Kristen.....and I still couldn't move on. That kind of hurt you just don't get over so easily and I wasn't even sure that I wanted to get over it. But, here I was, completely intrigued and unable to stop thinking about Jen Bailey.

Dinner Talk draws upon the recorded dinner conversations of, and extensive interviews with, native Israeli, American Israeli, and Jewish American middle-class families to explore the cultural styles of sociability and socialization in family discourse. The thesis developed is that family dinners in Western middle-class homes fulfill important functions of sociability for all participants and, at the same time, serve as crucial sites of socialization for children through language and for language use. The book demonstrates the way talk at dinner constructs, reflects, and invokes familial, social, and cultural identities and provides social support for

easing the passage of children into adult discourse worlds. Family discourse at dinner emerges as a particularly rich site for discursive socialization and a highly meaningful enactment of sociable behavior in culturally patterned ways. Although all the families studied have a common Eastern European background, Israeli and Jewish American families are shown to differ extensively in their interactional styles, in ways that enact historically different, community-related interpretations of the dialectics of continuity and change. Native Israeli, American Israeli, and Jewish American families differ culturally in the ways they negotiate issues of power, independence, and involvement through various speech activities such as the choice and initiation of topics, conversational story-telling, naming practices, metapragmatic discourse, politeness strategies, and in immigrant, bilingual families, language choice and code switching. *Dinner Talk* demonstrates the unique interactional style of each of the groups, linking the observed communication patterns to the ideological, sociocultural, and historical contexts of their respective communities. This innovative study of family discourse from a cross-cultural perspective will appeal to students and specialists in sociolinguistics, communication, anthropology, child language, and family and Jewish studies, as well as to all interested in patterns of communication within families.

Deb Wofford, local woodcarver, owned and operated an art gallery in downtown Noblesville, Indiana for 20 years. Deb's passion for the arts became a mission to combine both the world of artistic expression and the virtually invisible world of disability together. Her knowledge in both areas came more from life experiences rather than books and degrees. That being said, sometimes her decisions, or shall we say indecisions, were less than perfect, but the end result ...? Well, it worked.

At just twenty-two years of age, Briana Mils finds herself at a desperate crossroads. Once a promising student at the University of Oregon, she now finds herself alone on the streets of Portland with only the clothes on her back, memories of a happier time, and the stray dog that's adopted her. And she's got the drug that helps her forget. Briana's mistakes haunt her, lashing her with severe consequence, forcing her to make a decision few would ever make. Still, in a final attempt to make her young life count for something, Briana begins writing it all down—everything—so that others walking the crumbling precipice of rebellion might leap to safety before it's too late. She writes about her present struggles and the past. She writes about Michael, the boy she loved and left behind when she went off to college. She writes about the violent activism and drug that derailed her life. She writes about the demands placed on her by a socially conscious mother, and the adoration shown by a proud father.

And Briana talks about Brody—the young activist leader who captured her heart, took it to the altar, and then crushed it. What develops is an engrossing record of a young and troubled life, one both beautiful and ugly, innocent and corrupt, lost and then found. And wrapped in its literary sinew is a cast of characters as diverse and engaging as the stars, and an impassioned love story sure to transcend time. What readers are saying: “Timeless...provocative.” “Characters so real you'd swear this was a true account.” “A brilliant read!”

Alone Among People is D. M. Anthony's first novel. He lives in California where he's at work on his next book. This review is from: *Alone Among People (Paperback)* A Compelling and Heart Warming Story, September 25, 2012

“Alone Among People is at once an engaging, moving story and a provocative statement about the thin line between thriving and sinking into an abyss as inescapable as quicksand. Its timeless and uplifting messages of hope conquering despair, healing borne of love and care, and peace at discovering one's identity are an inspiration. The author's empathy for the characters and their plight betrays knowledge of what he writes, and offers the reader a unique glimpse into a vulnerable and intimate place... his heart. I recommend this book to anyone who has traveled through the anguish of darkness and longed for the light; it may just guide your way.”

poet, Weldon Kees performed, practiced, and published with the best of his generation of artists—the so-called middle generation, which included Robert Lowell, Elizabeth Bishop, and John Berryman. His dramatic disappearance (a probable suicide) at the age of forty-one, his movie-star good looks, his role in various movements of the day, and his shifting relationships with key figures in the arts have made him one of the more intriguing—and elusive—artists of the time. In this long-awaited biography, James Reidel presents the first full account of Kees's troubled yet remarkably accomplished life. Reidel traces Kees's career from his birth in 1914 and boyhood in Beatrice, Nebraska, to his stint as an award-winning short-story writer and novelist, his rise as a poet and critic in New York, his branching off into abstract expressionism, jazz music, and theater, and his experimental and scientific filmmaking and photography. Going beyond the cult status that has grown up around Kees over the years, this work fairly and judiciously places him as a cultural adventurer at a particularly rich and significant moment in postwar twentieth-century America.

*while her existence-if he remembers it-is merely something to criticize. Thankfully, Judith has an antique shop and her best friend and business partner, Susan, to keep her focused on the good things in life. Tired of being overlooked and undervalued, Judith decides to leave her husband and reconnect with herself as a single woman rather than as Adam's wife. Soon, Judith's world expands to include a support group of women also facing divorce. Slowly learning to extend to herself the same compassion she offers her friends, Judith begins to rediscover her own value as a person and as a woman. And her efforts don't go unnoticed. *makes vague promises, but begins to have second thoughts. Jess wants Kate, and nothing else, and is heartbroken that isn't enough. Jess decides – while everything is changing in her life – that she doesn't want to go on living in the city, that she wants to return to Awatangi. Jess is drawn to Keri, but forces herself not to let anything happen. Despite everything, Kate is still Jess's closest friend, and she has loved Kate all her life. She feels she has to give the situation with Kate as long as she can to work itself out. Awatangi is about coping with feelings for a close friend that are not returned, set in a small holiday township on the West Coast of the South Island of New Zealand.
