An amazing collection of juvenile short stories, involving wizards and a sadistic dragon. It takes us to the enchanted land of Mo where people do not die and animals can speak. Baum has portrayed the fantastic world with such brilliant and vibrant imagery that we can picture it in our mind's eye. Guaranteed to charm young readers and all who are young at heart.

The day Koren turned fourteen she tasted alcohol for the first time. At fifteen she was piecing together forgotten fragments of drink, men and misplaced clothes. At sixteen she was being carried through hospital doors unconscious. And so it began... Brought up by loving parents in a stable middle-class home, Koren was a sweet and altogether normal child. Yet from her mid-teens until her early twenties, she thought nothing of regularly drinking herself into a state of amnesia. Alcohol became her safeguard and prop, providing her with a self-confidence she couldn't otherwise feel. And whilst drinking to excess was perfectly acceptable, even actively encouraged, amongst her friends, it quickly reached a destructive monotony that bordered on dependency. It took a number of terrifying incidents - from stumbling home alone covered in vomit to waking up naked in bed unsure of whether she had lost her virginity - before Koren could finally say to herself enough was enough and seek help for her problem. Smashed is the shocking but all-too-recognisable story of a young woman coming of age within a society that finds it easier to turn a blind eye to binge-drinking than address the problem head on. Beautifully written and brutally honest, compelling without preaching, this is a book that demands to be read.

\_\_\_\_\_ 'Tense, addictive and powered by an unforgettable narrative voice' PAULA HAWKINS 'A darkly dazzling debut, a harrowing story of neglect and cruelty written with a delicate touch and a big heart. As gripping as the tensest of thrillers and as moving and humane as the most intimate of memoirs' LISA JEWELL 'An exceptional debut which both chilled and moved me from the very first page. I cannot overstate how much I loved this book' CLARE MACKINTOSH \_\_\_\_\_ 'So that was all it took,' I thought. 'That was all it took for me to feel like I had all the power in the world. One morning, one moment, one yellow-haired boy. It wasn't so much after all.' Chrissie knows how to steal sweets from the shop without getting caught, the best hiding place for hide-and-seek, the perfect wall for handstands. Now she has a new secret. It gives her a fizzing, sherbet feeling in her belly. She doesn't get to feel power like this at home, where food is scarce and attention scarcer. Fifteen years later, Julia is trying to mother her five-year-old daughter, Molly. She is always worried - about affording food and school shoes, about what the other mothers think of her. Most of all she worries that the social services are about to take Molly away. That's when the phone calls begin, which Julia is too afraid to answer, because it's clear the caller knows the truth about what happened all those years ago. And it's time to face the truth: is forgiveness and redemption ever possible for someone who has killed? \_\_\_\_\_ 'An extraordinary and heart-rending novel' OBSERVER 'The First Day of Spring is Nancy Tucker's first work of fiction and MY GOD this is OUTSTANDING . . . This book is so powerful and so disturbing that I will be thinking about it for months to come. Without a doubt this goes into my Top Ten Books of 2021' TRACY FENTON 'Chilling, thought-provoking, and compulsively readable, The First Day of Spring is a novel that will break your heart on every page and never leave you. I loved it' ASHLEY AUDRAIN, author of The Push 'Perceptive and compassionate, this is a tale of human devastation, superbly told' GUARDIAN 'The First Day Of Spring is a gut-wrenching tale about the effects of neglect and loneliness on a child. Eight-year-old Chrissie's voice is so raw and authentic that I could not stop turning the pages, desperate to find out what she would do next. A harrowing, incisive debut' STEPHANIE WROBEL, author of The Recovery of Rose Gold 'Compelling and important . . . this deliberately provocative novel is a stunningly powerful and striking account of childhood (and motherhood) stripped bare' GRAZIA 'Tucker wastes no time grabbing the reader in her chilling debut novel . . . a riveting thriller in every sense. A chilling suspense novel about guilt, responsibility, and redemption' KIRKUS 'A spectacular fiction debut . . . The taut, meticulously observed narration mines the dangers that childhood trauma causes. Fans of Lisa Jewell and smart psychological suspense will eagerly await Tucker's next' PUBLISHERS WEEKLY 'A stunning debut . . . Suspenseful? You bet. Heart-rending? From beginning to end' WASHINGTON POST

*Makeup artist Emma Hamilton is thirty-three when she and her husband James decide it's time to start a family. She has it all mapped out: Go off the pill in December, have sex, get pregnant by January, have the baby in September. With the help of a personal trainer, she figures she'll be back to her fighting weight in time for Christmas. But when three months of candle-scented sex fails to produce the desired result, Emma decides that maybe Mother Nature needs a helping hand. Soon her life is a roller coaster of post-coital handstands (you can't argue with gravity), hormone-inducing (sanity-reducing!) drugs, and a veritable army of probing specialists (torturers, more like). It's out with alcohol and spontaneous sex, in with green tea and ovulation kits. Emma and James try everything from fertility drugs to in vitro, but all their carefully laid plans seem to go south -- along with Emma's rapidly plummeting self-esteem. The members of her support team are unquestionably loyal, but distracted by their own personal dramas. There's Babs, her younger sister, who prescribes Emma half an Ecstasy pill to treat her depression. Her friend Jess is pregnant with her second child and gives Emma an earful about the downside of motherhood. The glamorous Lucy, Emma's closest pal, fears she might be stuck in her "single rut" forever -- that is, until she meets Donal, a rough-around-the-edges rugby player who passes out on their first date but quickly proves that he is worth a second chance. And last, but certainly not least, is James, Emma's rugby coach husband, who quite unhelpfully manages to give himself a groin injury just when she is ovulating. But just*

*when Emma feels as if her obsession may have alienated all of her loved ones, including James, events take a ninety-degree turn that will have unforeseen consequences for everyone. Sinead Moriarty brings a wicked sense of humor to a subject of feverish concern for women worried by the loud ticking of their biological clocks in this sizzingly funny, yet deeply moving novel.*

“A compelling story of everyday courage” (Elizabeth Gilbert). Patty Chang Anker grew up eager to please and afraid to fail. But after thirty-nine years, she decided it was time to stop being a chicken. Motivated initially to become a better role model for her two kids, she vowed to master the fears that were choking the fun and spontaneity out of life. She learned to dive into a swimming pool, ride a bike, do a handstand, and surf. As she shared her experiences, she discovered that most people suffer from their own secret terrors—of flying, driving, heights, public speaking, and more. It became her mission to help others do what they thought they couldn't and to experience the joy and aliveness that is the true reward of becoming brave. Inspired and inspiring, this book draws on Anker's interviews with teachers, therapists, coaches, and clergy to convey both practical advice and profound wisdom. Through her own journey and the stories of others, she conveys with grace and infectious exhilaration the most vital lesson of all: Fear isn't the end point to life, but the point of entry.

*"Although New Zealand's economy has long depended on the bodies and infant milk of animals, this country also has a hidden history of vegetarianism. While some early vegetarians were concerned with health, spirituality, and purity, others took a broader view, speaking out on issues that included peace, feminism, animal rights, socialism, prison reform, and the environment. Yet others set up cafes, organised picnics, and wrote cookbooks. The Compassionate Contrarians uncovers the quirks of the vegetarian experience in a land of meat and dairy. More importantly, it acknowledges the hard work and courage of a group of idealists who dedicated their lives to creating a more just world for all sentient beings."--Publisher information.*
