The strikingly modern sonnets—intimate, baroque, and expansive at once; the invigorating narratives drawn from classical subjects; and the flawless lyricism represented by a poem like “The

The Phoenix and the Turtle, The Passionate Pilgrim, and A Lover's Complaint. The introduction to the two long narrative poems examines their place within the classical and Renaissance European traditions, an issue which also applies to The Phoenix and the Turtle. The Passionate Pilgrim is a miscellany of twenty sonnets and lyrics, containing only five poems which are certain to be Shakespeare's. John Roe analyses the conditions in which the collection was produced, and weighs the evidence for and against Shakespeare's authorship of A Lover's Complaint and the much-debated question of its genre. He demonstrates how in his management of formal tropes Shakespeare, like the best Elizabethans, fashions a living language out of handbook oratory.

Enormously popular during his life, Shakespeare's works continue to resonate more than three centuries after his death, as has his influence on theatre and literature.
