Winner of the ALA Coretta Scott King–John Steptoe New Talent Award, *The Rock and the River* was described in a Booklist starred review as a “taut, eloquent first novel [that] will make readers feel what it was like to be young, black, and militant.” The Time: 1968 The Place: Chicago For thirteen-year-old Sam it’s not easy being the son of known civil rights activist Roland Childs. Especially when his older (and best friend), Stick, begins to drift away from him for no apparent reason. And then it happens: Sam finds something that changes everything forever. Sam has always had faith in his father, but when he finds literature about the Black Panthers under Stick’s bed, he’s not sure who to believe: his father or his best friend. Suddenly, nothing feels certain anymore. Sam wants to believe that his father is right: You can effect change without using violence. But as time goes on, Sam grows weary of standing by and watching as his friends and family suffer at the hands of racism in their own community. Sam beings to explore the Panthers with Stick, but soon he’s involved in something far more serious—and more dangerous—than he could have ever predicted. Sam is faced with a difficult decision. Will he follow his father or his brother? His mind or his heart? The rock or the river? For decades, distinct professional wrestling territories thrived across North America. Each regionally based promotion operated individually and offered a brand of localized wrestling that greatly appealed to area fans. Promoters routinely coordinated with associates in surrounding regions, and the cooperation displayed by members of the National Wrestling Alliance made it easy for wrestlers to traverse the landscape with the utmost freedom. Dozens of territories flourished between the 1950s and late ’70s. But by the early 1980s, the growth of cable television had put new outside pressures on promoters. An enterprising third-generation entrepreneur who believed cable was his opportunity to take his promotion national soon capitalized on the situation. A host of novel ideas and the will to take chances gave Vincent Kennedy McMahon an incredible advantage. McMahon waged war on the territories and raided the NWA and AWA of their top talent. By creating WrestleMania, jumping into the pay-per-view field, and expanding across North America, McMahon changed professional wrestling forever. Providing never-before-revealed information, *Death of the Territories* is a must-read for fans yearning to understand how McMahon outlasted his rivals and established the industry’s first national promotion. At the same time, it offers a comprehensive look at the promoters who opposed McMahon, focusing on their noteworthy power plays and embarrassing mistakes.

After being seriously wounded in the 1939 Polish campaign, Rochus Misch was invited to join Hitler's SS-bodyguard. There he served until the war's end as Hitler's bodyguard, courier, orderly and finally as Chief of Communications. On the Berghof terrace he watched Eva Braun organize parties; observed Heinrich Himmler and Albert Speer; and monitored telephone conversations from Berlin to the East Prussian FHQ on 20 July 1944 after the attempt on Hitler's life. Towards the end Misch was drawn into the Fhrerbunker with the last of the 'faithful'. As defeat approached, he remained in charge of the bunker switchboard as his duty required, even after Hitler committed suicide.Misch knew Hitler as the private man and his position was one of unconditional loyalty. His memoirs offer an intimate view of life in close attendance to Hitler and of the endless hours deep inside the bunker; and provide new insights into military events such as Hitler's initial feelings that the 6th Army should pull out of Stalingrad. Shortly before he died Misch wrote a new introduction for this first-ever English-language edition. The book also contains new introduction by Roger Moorhouse.

Explores and analyzes the historical context and significance of the newspaper photograph of African American Elizabeth Eckford trying to enter Little Rock, Arkansas's all-white Central High School in 1957.

ONE OF THE BEST BOOKS OF THE YEAR: San Francisco Chronicle, The Christian Science Monitor, Kansas City Star. A profoundly moving and deeply personal memoir by the co-host of National Public Radio’s flagship program *All Things Considered*. While exploring the hidden conversation on race unfolding throughout America in the wake of President Obama’s election, Michele Norris discovered that there were painful secrets within her own family that had been willfully withheld. These revelations—from her father’s shooting by a Birmingham police officer to her maternal grandmother’s job as an itinerant Aunt Jemima in the Midwest—inspired a bracing journey into her family’s past, from her childhood home in Minneapolis to her ancestral roots in the Deep South. The result is a rich and extraordinary family memoir—filled with stories that elegantly explore the power of silence and secrets—that boldly examines racial legacy and what it means to be an American.

A SEARING MEMOIR OF THE BATTLE TO INTEGRATE LITTLE ROCK’S CENTRAL HIGH SCHOOL.

Coney Island: the name still resonates with a sense of racy Brooklyn excitement, the echo of beach-front popular entertainment before World War I. Amusing the Million examines the historical context in which Coney Island made its reputation as an amusement park and shows how America's changing social and economic conditions formed the basis of a new mass culture. Exploring it afresh in this way, John Kasson shows Coney Island no longer as the object of nostalgia but as a harbinger of modernity--and the many photographs, lithographs, engravings, and other reproductions with which he amplifies his text support this lively thesis.

Describes how nine African American students in Little Rock, Arkansas helped change the education system in America by standing up for their rights to attend school alongside of white students.

In this essential autobiographical account by one of the Civil Rights Movement’s most powerful figures, Melba Pattillo Beals of the Little Rock Nine explores not only the oppressive force of racism, but the ability of young people to change ideas of race and identity. In 1957, well before Martin Luther King’s “I Have a Dream” speech, Melba Pattillo Beals and eight other teenagers became iconic symbols for the Civil Rights Movement and the dismantling of Jim Crow in the American South as they integrated Little Rock’s Central High School in the wake of the landmark 1954 Supreme Court ruling, *Brown v. Board of Education*. Throughout her harrowing ordeal, Melba was taunted by her schoolmates and their parents, threatened by a lynch mob’s rope, attacked with lighted sticks of dynamite, and injured by acid sprayed in her eyes. But through it all, she acted with dignity and courage, and refused to back down. *Warriors Don’t Cry* is, at times, a difficult but necessary reminder of the valuable lessons we can learn from our nation’s past. It is a story of courage and the bravery of a handful of young, black students who used their voices to influence change during a turbulent time.

The first and long overdue biography of the highly talented drum legend Cozy Powell. Author Laura Shenton MA LLCM DipRSL has a Masters degree in music and provides an insightful angle on Cozy Powell's abilities along with detailed research that presents Powell's career in all its glory.

Reaching for a curiously shaped stone in a southern California riverbed, Kurt, a motherless 13-year-old out on a father-son bonding camp trip, feels a pulsing tremor of energy. Confused, he shares this oddly colored rock with his two friends, both who touch it briefly and throw it away in cries of pain. Unsure what to do, the three boys agree to keep this strange phenomenon a secret. After bringing the stone back home, Kurt senses he's being followed, possibly by a lone detective. To add to his unease, the city of San Diego is besieged by what seems like a disturbing and violent serial killer, one who leaves distinctive clues, as if he (or it) is itching to get caught. When he finally makes contact with Steve Bailey, an unflinching detective with a disturbing past, Kurt uncovers his own startling heritage of power, danger and, ultimately, justice. In this unnerving urban thriller, the creators have reunited with their demons, and humans with inherited, but unwieldy gifts, may be the only barrier between survival and celestial destruction.

From the legendary civil rights activist and author of the million-copy selling *Warriors Don't Cry* comes a powerful, timely new memoir about growing up in the segregated South. Civil rights heroine Melba Patillo Beals puts readers right in her saddle oxfords as she struggles to understand--and fight back against--the laws that told her she was less just because of the color of her skin. Includes photos and illustrations.

“A searing and emotionally gripping account of a young black girl growing up to become a strong black woman during the most difficult time of racial segregation.”—Professor Charles Ogletree, Harvard Law School “Provides important context for an important moment in America’s history.”—Associated Press When fourteen-year-old Carlotta Walls walked up the stairs of Little Rock Central High School on September 25, 1957, she and eight other black students only wanted to make it to class. But the journey of the “Little Rock Nine,” as they came to be known, would lead the nation on an even longer and much more turbulent path, one that would challenge prevailing attitudes, break down barriers, and forever change the landscape of America. For Carlotta and the eight other children, simply getting through the door of this admired academic institution involved angry mobs, racist elected officials, and intervention by President Dwight D. Eisenhower, who was forced to send in the 101st Airborne to escort the Nine into the building. But entry was simply the first of many trials. Breaking her silence at last and sharing her story for the first time, Carlotta Walls has written an engrossing memoir that is a testament not only to the power of a single person to make a difference but also to the sacrifices made by families and communities that found themselves a part of history.

The Smithsonian Institution is America’s largest, most important, and most beloved repository for the objects that define our common heritage. Now Under Secretary for Art, History, and Culture Richard Kurin, aided by a team of top Smithsonian curators and scholars, has assembled a literary exhibition of 101 objects from across the Smithsonian’s museums that together offer a marvelous new perspective on the history of the United States. Ranging from the earliest years of the pre-Columbian continent to the digital age, and from the American Revolution to Vietnam, each entry pairs the fascinating history surrounding each object with the story of its creation or discovery and the place it has come to occupy in our national memory. Kurin sheds remarkable new light on objects we think we know well, from Lincoln's hat to Dorothy's ruby slippers and Julia Child's kitchen, including the often astonishing tales of how each made its way into the collections of the Smithsonian. Other objects will be eye-opening new discoveries for many, but no less evocative of the most poignant and important moments of the American experience. Some objects, such as Harriet Tubman's hymnal, Sitting Bull's ledger, Cesar Chavez's union jacket, and the Enola Gay bomber, tell difficult stories from the nation's history, and inspire controversies when exhibited at the Smithsonian. Others, from George Washington's sword to the space shuttle *Discovery*, celebrate the richness and vitality of the American spirit. In Kurin's hands, each object comes to vivid life, providing a tactile connection to American history. Beautifully designed and illustrated with color photographs throughout, *The Smithsonian's History of America* in 101 Objects is a rich and fascinating journey through America's collective memory, and a beautiful object in its own right.

The names Elizabeth Eckford and Hazel Bryan Massery may not be well known, but the image of them from September 1957 surely is: a black high school girl, dressed in white, walking stoically in front of Little Rock Central High School, and a white girl standing directly behind her, face twisted in hate, screaming racial epithets. This famous photograph captures the full anguish of desegregation—in Little Rock and throughout the South—and an epic moment in the civil rights movement.In this gripping book, David Margolick tells the remarkable story of two separate lives unexpectedly braided together. He explores how the haunting picture of Elizabeth and Hazel came to be taken, its significance in the wider world, and why, for the next half-century, neither woman has ever escaped from its long shadow. He recounts Elizabeth's struggle to overcome the trauma of her hate-filled school experience, and Hazel's long efforts to atone for a fateful, horrible mistake. The book follows the painful journey of the two as they progress from apology to forgiveness to reconciliation and, amazingly, to friendship. This friendship foundered, then collapsed--perhaps inevitably--over the same fissures and misunderstandings that continue to permeate American race relations more than half a century after the unforgettable photograph at Little Rock. And yet, as Margolick explains, a bond between Elizabeth and Hazel, silent but complex, endures.

"When it comes to justice, there is no easy way to get it. You have to take a stand and say, 'This is not right.'" — Claudette Colvin On March 2, 1955, an impassioned teenager, fed up with the daily injustices of Jim Crow segregation, refused to give her seat to a white woman on a segregated bus in Montgomery, Alabama. Instead of being celebrated as Rosa Parks would be just nine months later, fifteen-year-old Claudette Colvin found herself shunned by her classmates and dismissed by community leaders. Undaunted, a year later she dared to challenge segregation again as a key plaintiff in *Browder v. Gayle*, the landmark case that struck down the segregation laws of Montgomery and swept away the legal underpinnings of the Jim Crow South. Based on extensive interviews with Claudette Colvin and many others, Phillip Hoose presents the first in-depth account of an important yet largely unknown civil rights figure, skillfully weaving her dramatic story into the fabric of the historic Montgomery bus boycott and court case that would change the course of American history. Claudette Colvin is the 2009 National Book Award Winner for Young People’s Literature and a 2010 Newbery Honor Book.

A historical account of the efforts of nine African-American students to integrate Central High School draws on interviews to offer insight into the behind-the-scenes experiences of the students and members of their community.

Southern Association for Women Historians Julia Cherry Spruill Prize Even without the right to vote, members of the United Daughters of the Confederacy proved to have enormous social and political influence throughout the South--all in the name of preserving Confederate culture. Karen Cox traces the history of the UDC, an organization founded in 1894 to vindicate the Confederate generation and honor the Lost Cause. In this edition, with a new preface, Cox acknowledges the deadly riots in Charlottesville, Virginia, showing why myths surrounding the Confederacy continue to endure. The Daughters, as UDC members were popularly known, were daughters of the Confederate generation. While southern women had long been leaders in efforts to memorialize the Confederacy, UDC members made the Lost Cause a movement about vindication as well as memorialization. They erected monuments, monitored history for "truthfulness," and sought to educate coming generations of white southerners about an idyllic past and a just cause--states' rights. Soldiers' and widows' homes, perpetuation of the mythology of the antebellum South, and pro-southern textbooks in the region's white public schools were all integral to their mission of creating the New South in the image of the Old. UDC members aspired to transform military defeat into a political and cultural victory, in which states' rights and white supremacy remained intact. To the extent they were successful, the Daughters helped to preserve and perpetuate an agenda for the New South that included maintaining the social status quo. Placing the organization's activities in the context of the postwar and Progressive-Era South, Cox describes in detail the UDC's origins and early development, its efforts to collect and preserve manuscripts and artifacts and to build monuments, and its later role in the peace movement and World War I. This remarkable history of the organization presents a portrait of two generations of southern women whose efforts helped shape the social and political culture of the New South. It also offers a new historical perspective on the subject of Confederate memory and the role southern women played in its development. ?

**If I were God, what would you want for Christmas?' With a thousand-yard stare, a haggard and bloodied Marine looked incredulously at the war correspondent who asked him this question. In an answer that took 'almost forever,' the Marine responded; 'Give me tomorrow.' After nearly four months of continuous and bloody combat in Korea, such a wish seemed impossible. For many of the men of George Company, or 'Bloody George' - one of the Forgotten War's most decorated yet unrecognized companies - this would be their last day. This is the epic story of 'Bloody George,' Spartans for the modern age. After storming ashore at Inchon and fighting house-to-house in Seoul, George Company, America's last reserve unit, found itself on the frozen tundra of the Chosin Reservoir facing an entire division of Chinese troops. Little did this small band of men - green troops who had been rushed through training to bring fresh forces to the war - know, they would soon be saviors. This is their story, and it will never again be forgotten.**

**As the first black female television journalist in the western United States, Belva Davis overcame the obstacles of racism and sexism, and helped change the face and focus of television news. Now she is sharing the story of her extraordinary life in her poignantly honest memoir, *Never in My Wildest Dreams*. A reporter for almost five decades, Davis is no stranger to adversity. Born to a fifteen-year-old Louisiana laundress during the Great Depression, and raised in the overcrowded projects of Oakland, California, Davis suffered abuse, battled rejection, and persevered to achieve a career beyond her imagination. Davis has seen the world change in ways she never could have envisioned, from being verbally and physically attacked while reporting on the 1964 Republican National Convention in San Francisco to witnessing the historic election of Barack Obama in 2008. Davis worked her way up to reporting on many of the most explosive stories of recent times, including the Vietnam War protests, the rise and fall of the Black Panthers, the Peoples Temple cult mass suicides at Jonestown, the assassinations of San Francisco Mayor George Moscone and Supervisor Harvey Milk, the onset of the AIDS epidemic, and the aftermath of the terrorist attacks that first put Osama bin Laden on the FBI's Most Wanted List. She encountered a cavalcade of cultural icons: Malcolm X, Frank Sinatra, James Brown, Ronald Reagan, Huey Newton, Muhammad Ali, Alex Haley, Fidel Castro, Dianne Feinstein, Condoleezza Rice, and others. Throughout her career Davis soldiered in the trenches in the battle for racial equality and brought stories of black Americans out of the shadows and into the light of day. Still active in her seventies, Davis, the “Walter Cronkite of the Bay Area,” now hosts a weekly news roundtable and special reports at KQED, one of the nation’s leading PBS stations,. In this way she has remained relevant and engaged in the stories of today, while offering her anecdote-rich perspective on the decades that have shaped us. “No people can say they understand the times in which they have lived unless they have read this book.” – Dr. Maya Angelou**

**Though their bodies lie cold and dormant, the grave cannot contain the influence these seven men have had on today's world. They continue to rule because they have altered the thinking of society. They generated philosophies that have been ardently grasped by masses of people but are erroneous and antiscrptural. Today these ideas pervade our schools, businesses, homes, and even the church. As we continue to unknowingly subscribe to their philosophies, we keep the grave open for Charles Darwin, Karl Marx, Julius Wellhausen, John Dewey, Sigmund Freud, John Maynard Keynes, and Soren Kierkegaard. Dave Breese warns us of the dangers of believing unreservedly the ideas of these seven men. He also reminds us of the only man whose life and words we can trust completely- Jesus Christ.**

**Acts of courage come in all shapes and sizes. In the tumultuous New Orleans of 1960, thirteen-year-old Louise Collins finds her world turned upside down when a stranger from the North arrives at her mother's boarding-house. Louise's mother spends her mornings at the local elementary school with a group of women known as the Cheerleaders, who harass the school's first black student, six-year-old Ruby Bridges, as she enters the building. One day a Chevy Bel Air with a New York license plate pulls up, and out steps Morgan Miller, a man whose mysterious past is eclipsed by his intellect and open-manner-qualities that enchant mother and daughter alike. For the first time, Louise feels as if someone cares what she thinks, even if she doesn't know what she believes. But when the reason for Morgan's visit is called into question, everything Louise thinks she knows about her mother, her world, and herself will change.**
