In the same way that "The Indigo Children" was a phenomenon that was much talked-about, before the book came out and explained it, "Earth Angels" is a topic of much discussion among spiritually minded people world-wide. Four years ago, Doreen Virtue wrote an article on the topic, and then a chapter in her book, "Healing with the Angels," and then more information in "Healing with the Fairies." Since that time, Doreen has been flooded with letters from people who resonate with the idea, requesting more information. "Earth Angels" will be the first book devoted to the topic. Doreen will describe the five different types of lightworkers: Incarnated Angels (those who had previous lives as angels, but who are now here as humans); Incarnated Elementals (those whose previous lives were in the elemental kingdom, as fairies, elves, etc.); Starpeople (those who have lived the majority of their past lives on other planets); Walk-In's (those who came from a high spiritual realm and walked-in to another person's life, as that soul gladly exited their body); and Reincarnated Sorcerers, Sorceresses, and Wizards (those whose most recent past life was during Arthurian or Atlantian times, when they practiced high magic). The book will include dozens of case studies; a fascinating analysis of an extensive survey that Doreen has conducted among people who identify with the five types of Earth Angels; and guidance to help readers to feel happier about their lives, their own idiosyncrasies, and their missions.

Dreams are gateways to other worlds, times, and planes of existence. They are sacred portals through which we receive powerful messages from Source, often in the form of symbols brought to us by our dream guide and the angels. In this book, Doreen Virtue and Melissa Virtue discuss where dreams come from, how to interpret them, what role angels play, and whom to call upon for guidance. You'll gain tools to enhance your dreamtime journeys, including techniques for creating your own dreams and improving your recall upon awakening. In addition, you'll learn to identify the different types of dreams by reading personal stories and interpretations that will help you decode your dream messages.

Doreen was then taken on an amazing spiritual adventure, where she uncovered the ancient healing temples of the lost civilizations of Atlantis. Doreen found that her previous healing work with the angels, as well as thousands of case studies of angelic healing that she'd amassed over the years, dovetailed perfectly with the messages from the angels of Atlantis. Part spiritual adventure story and part reference book, *Angel Medicine* is a three-part work that includes an exciting story of Doreen's recovery of memories of Atlantean healing methods along with messages from the Egyptian prophet and deity Hermes and the angels. The second and third parts of the book reveal the scientific studies, case studies, and charts supporting the importance of love and light in healing. Whether you want to heal yourself or someone else,

gain additional faith and understanding from reading Angel Medicine.

In March 2015, millions worldwide were captivated by news reports of the dramatic rescue of an 18-month old girl who'd somehow survived fourteen hours in an overturned car, submerged in an icy-cold Utah river, after her mother lost control of the vehicle. Police officers arrived at the scene and heard a woman's voice spurring them on: 'Please hurry, we don't have much time.' Yet, once the two victims were recovered, it was clear the voice could not have come from Lily's mother. How on impact. How to explain this modern-day miracle? Identifying and transforming the true cause of an illness or difficult life situation is a very complex task. Through connecting and communicating with angels, Quantum Angel (QA) Practitioners help those living with pain access the divine matrix and restore health and balance by applying the "Angel Healing Formula." QA Healing applies fundamental concepts of quantum physics to perform healing, either hands-on or at a distance. It uses diagnostic intuition, clairvoyance, telepathy, energy healing, and prayer and goes beyond physical death and integrates nonphysical helpers in the process.

You Are Surrounded by the Healing Love of Angels! Healing with the Angels is a practical how-to guide that reveals how to work with angels to improve your health. Much of the book discusses the various ways that angels heal our physical health, and gives specific spiritual healing methods based upon the author's case studies. The angels also heal our mental and emotional health, and the case studies show how depression, anxiety, sleep disorders, and other common maladies can be lifted with "angel therapy." Topics include: Angel therapy for illness; healing others with angels; angelic messages about weight, exercise, and diet; sleep therapy from the angels; angelic clearing of psychological and emotional issues; healing away addictions and obsessions; and how the angels can heal us of worry, guilt, and other destructive mental habits.

When Doreen and her son Grant Virtue were recording podcasts, they noticed that whenever she said the word angel, the recording graphics were shaped like angel wings! So they studied the other words she said and realized that those with a spiritual or loving basis had large graphs. So they experimented with saying negative words and found that their appearance was completely different: tight and small. Similar to Masaru Emoto's work with water crystals, Angel Words gives visual proof of the power and impact of speaking in a loving way. You'll come to understand why positive words express the most energy and therefore have the most power to manifest your dreams. You'll also see how negative words have low energy and read how they can actually draw negative experiences to you. This unforgettable book will immediately motivate you to choose positive words!

This primer on celestial beings provides a non-denominational overview of who angels are and what their role can be in people's lives.
