**'Fascinating . . . If you're a generalist who has ever felt overshadowed by your specialist colleagues, this book is for you' - Bill Gates** **The instant Sunday Times Top Ten and New York Times bestseller Shortlisted for the Financial Times/McKinsey Business Book of the Year Award 2019 A Financial Times Essential Reads of 2019 pick** **A powerful argument for how to succeed in any field: develop broad interests and skills while everyone around you is rushing to specialize. From the '10,000 hours rule' to the power of Tiger parenting, we have been taught that success in any field requires early specialization and many hours of deliberate practice. And, worse, that if you dabble or delay, you'll never catch up with those who got a head start. This is completely wrong. In this landmark book, David Epstein shows you that the way to succeed is by sampling widely, gaining a breadth of experiences, taking detours, experimenting relentlessly, juggling many interests - in other words, by developing range. Studying the world's most successful athletes, artists, musicians, inventors and scientists, Epstein demonstrates why in most fields - especially those that are complex and unpredictable - generalists, not specialists are primed to excel. No matter what you do, where you are in life, whether you are a teacher, student, scientist, business analyst, parent, job hunter, retiree, you will see the world differently after you've read Range. You'll understand better how we solve problems, how we learn and how we succeed. You'll see why failing a test is the best way to learn and why frequent quitters end up with the most fulfilling careers. As experts silo themselves further while computers master more of the skills once reserved for highly focused humans, Range shows how people who think broadly and embrace diverse experiences and perspectives will increasingly thrive and why spreading your knowledge across multiple domains is the key to your success, and how to achieve it. 'I loved Range' - Malcolm Gladwell 'Urgent and important. . . an essential read for bosses, parents, coaches, and anyone who cares about improving performance.' - Daniel H. Pink 'So much crucial and revelatory information about performance, success, and education.' - Susan Cain, bestselling author of Quiet** **Heinrich Gimpel is a respected officer with the Oberkommando Wehrmachts office in Berlin. His wife is a common hausfrau, raising his three precious daughters the same way he was raised - to be loyal, unquestioning citizens of the Third Reich, obedient to the will of the Führer. But Heinrich Gimpel has a secret. He is not, in fact, a member of the Master Race. He has been living a lie to protect his true identity as a Jew - and he's not alone. Throughout Berlin, Jews survive in secrecy...doing their jobs, caring for their families, maintaining the facade of perfect Aryans, and praying they will not be discovered. But a change is coming. And soon they will be forced to choose between safety and freedom...**

**A Boston Globe Best Book of 2015 A Washington Post Notable Nonfiction Pick of 2015** **Magisterial in scope, this dual biography examines two complex lives that began alike but ended on opposite sides of the century's greatest conflict. Marlene Dietrich and Leni Riefenstahl, born less than a year apart, lived so close to each other that Riefenstahl could see into Dietrich's Berlin apartment. Coming of age at the dawn of the Weimar Republic, both sought fame in Germany's burgeoning motion picture industry. While Dietrich's depiction of Lola-Lola in The Blue Angel catapulted her to Hollywood stardom, Riefenstahl—who missed out on the part—insinuated herself into Hitler's inner circle to direct groundbreaking if infamous Nazi propaganda films, like Triumph of the Will. Dietrich, who toured tirelessly with the USO, could never truly go home again; Riefenstahl could never shake her Nazi past. Acclaimed German historian Karin Wieland examines these lives within the vicious crosscurrents of a turbulent century, evoking piercing insights into "the modern era's most difficult questions, about illusion and mass intoxication, art and truth, courage and capitulation" (New Yorker).**

**A beautifully controlled and powerful story of love and conscience, will and desire which begins when a mysterious young girl arrives to take up the post at the seedy Hotel du Lion D'Or in a small French town in the mid 1930s.**

**Written with wisdom, compassion & humor, the author of "All Quiet on the Western Front" vividly describes the life of white Russian refugees on the periphery of the decadent high society in Paris between the two World Wars, on the brink of catastrophe.**

**The evocative story of a man without a country, Arch of Triumph is a World War II-era classic from the author of All Quiet on the Western Front. It is 1939. Despite a law banning him from performing surgery, Ravic—a German doctor and refugee living in Paris—has been treating some of the city's most elite citizens for two years on the behalf of two less-than-skillful French physicians. Forbidden to return to his own country, and dodging the everyday dangers of jail and deportation, Ravic manages to hang on—all the while searching for the Nazi who tortured him back in Germany. And though he's given up on the possibility of love, life has a curious way of taking a turn for the romantic, even during the worst of times. "The world has a great writer in Erich Maria Remarque. **This is a story about a life lived in two halves. It's about what happens when real life collides with the increasing absurdity of a world accessed through a screen. It's about where we go when existential threats loom, and the high stakes of reality that claim us back. It's about living in world that contains both an abundance of proof that there is goodness, empathy, and justice in the universe, and a deluge of evidence to the contrary. Irreverent and sincere, poignant and delightfully profane, No One Is Talking About This is a meditation on love, language and human connection from one of the most original voices of our time.**

New York Times Bestseller Spring 2013 Kids' Indie Next List Sybella's duty as Death's assassin in 15th-century France forces her return home to the personal hell that she had finally escaped. Love and romance, history and magic, vengeance and salvation converge in this thrilling sequel to Grave Mercy. Sybella arrives at the convent's doorstep half mad with grief and despair. Those that serve Death are only too happy to offer her refuge—but at a price. The convent views Sybella, naturally skilled in the arts of both death and seduction, as one of their most dangerous weapons. But those assassin's skills are little comfort when the convent returns her to a life that nearly drove her mad. And while Sybella is a weapon of justice wrought by the god of Death himself, He must give her a reason to live. When she discovers an unexpected ally imprisoned in the dungeons, will a daughter of Death find something other than vengeance to live for?

From the detention centre on Ellis Island, Ludwig Somner looks across a small stretch of water to the glittering towers of New York, which whisper seductively of freedom after so many years of wandering through a perilous, suffering Europe. Remarque's final novel, left unfinished at his death, tells of the precarious life of the refugee - life lived in hotel lobbies, on false passports, the strange, ill-assorted refugee community held together by an unspeakable past. For Somner, each new luxury - ice cream served in drugstores, bright shop windows, art, a new suit, a new romance - has a bittersweet edge. Memories of war and inhumanity continue to resurface even in this peaceful promised land. A haunting snapshot of a unique time, place and predicament, this is another powerful comment from Remarque on the devastating effects of war.

Grammy Award-winning hip-hop artist, producer, and actor T.I. proved himself a powerful storyteller as well with the publication of his debut novel Power & Beauty. Now he follows up with his second riveting street-lit epic, Trouble & Triumph. T.I.'s explosive sequel picks up the story of Paul "Power" Clay and Tanya "Beauty" Long, as Power takes over his mentor-turned-arch-enemy's street empire, looking to turn it legit, while Beauty rises ever-higher in a glamorous world of fashion and celebrity. An authentic voice of the street, in the vein of Sista Souljah and other successful authors of contemporary African-American commercial fiction, T.I. is a rap music legend who has lived at every strata of society, and whose hard life experience adds truth and fire to Trouble & Triumph.

A forced Muslim convert defies all odds to become the supreme ruler of an empire that stretches from Egypt to Persia in this drama that pits Arab against Arab during the Muslims' rise to power in the seventh century A.D. Mu'awiya is the son of the most vehement foe of the Prophet Muhammed, and amid the treachery, war, and political intrigue that follow the Prophet's death, Mu'awiya embarks on a 30-year odyssey to redeem his family's name and realize his ambition to be a leader in the new order. This gripping novel exposes the inner workings of a movement whose conquests rivaled those of the Romans and whose influence on modern-day life spans the globe.

Peopled by larger-than-life heroes and villains, charged with towering questions of good and evil, Atlas Shrugged is Ayn Rand's magnum opus: a philosophical revolution told in the form of an action thriller-nominated as one of America's best-loved novels by PBS's The Great American Read. Who is John Galt? When he says that he will stop the motor of the world, is he a destroyer or a liberator? Why does he have to fight his battles not against his enemies but against those who need him most? Why does he fight his hardest battle against the woman he loves? You will know the answer to these questions when you discover the reason behind the baffling events that play havoc with the lives of the amazing men and women in this book. You will discover why a productive genius becomes a worthless playboy...why a great steel industrialist is working for his own destruction...why a composer gives up his career on the night of his triumph...why a beautiful woman who runs a transcontinental railroad falls in love with the man she has sworn to kill. Atlas Shrugged, a modern classic and Rand's most extensive statement of Objectivism—her groundbreaking philosophy—offers the reader the spectacle of human greatness, depicted with all the poetry and power of one of the twentieth century's leading artists.

A Time Best YA Book of All Time (2021) Two teens must learn the "art of killing" in this Printz Honor-winning book, the first in a chilling new series from Neal Shusterman, author of the New York Times bestselling Unwind dystology. A world with no hunger, no disease, no war, no misery: humanity has conquered all those things, and has even conquered death. Now Scythes are the only ones who can end life—and they are commanded to do so, in order to keep the size of the population under control. Citra and Rowan are chosen to apprentice to a scythe—a role that neither wants. These teens must master the "art" of taking life, knowing that the consequence of failure could mean losing their own. Scythe is the first novel of a thrilling new series by National Book Award-winning author Neal Shusterman in which Citra and Rowan learn that a perfect world comes only with a heavy price.

From the beloved author of All Quiet on the Western Front, Flotsam is a terrifying portrait of Europe as

*the Nazi shadow falls over the continent. Political dissidents, Jews, medical students, petty criminals: Among the thousands of displaced persons traveling the unpaved roads of Europe, there are Steiner and Kern. Both have irritated officials for outstaying their two-week sojourn in Czechoslovakia. And so they must leave. Not that either has any place to go. Not in 1939. But when a man is led by a guard to the border of one country, he must try another. Until he is escorted from that one too. Living hand-to-mouth, selling shoelaces and safety pins for a few pennies, Steiner and Kern find that, remarkably, there are still pleasures to be had. Paris, for one; love, for another. For amid the heartless cruelty and cold-blooded laws of the Nazi state, there is still humanity and kindness. And there is incomparable joy in falling in love, surviving, and telling your story so it is never forgotten. "The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure."*—The New York Times Book Review

**Considered by many the greatest war novel of all time, All Quiet on the Western Front is Erich Maria Remarque's masterpiece of the German experience during World War I. I am young, I am twenty years old; yet I know nothing of life but despair, death, fear, and fatuous superficiality cast over an abyss of sorrow. . . . This is the testament of Paul Bäumer, who enlists with his classmates in the German army during World War I. They become soldiers with youthful enthusiasm. But the world of duty, culture, and progress they had been taught breaks in pieces under the first bombardment in the trenches. Through years of vivid horror, Paul holds fast to a single vow: to fight against the principle of hate that meaninglessly pits young men of the same generation but different uniforms against one another . . . if only he can come out of the war alive. "The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure."**—The New York Times Book Review

From the author of the masterpiece *All Quiet on the Western Front*, *The Black Obelisk* is a classic novel of the troubling aftermath of World War I in Germany. A hardened young veteran from the First World War, Ludwig now works for a monument company, selling stone markers to the survivors of deceased loved ones. Though ambivalent about his job, he suspects there's more to life than earning a living off other people's misfortunes. A self-professed poet, Ludwig soon senses a growing change in his fatherland, a brutality brought upon it by inflation. When he falls in love with the beautiful but troubled Isabelle, Ludwig hopes he has found a soul who will offer him salvation—who will free him from his obsession to find meaning in a war-torn world. But there comes a time in every man's life when he must choose to live—despite the prevailing thread of history horrifically repeating itself. "The world has a great writer in Erich Maria Remarque. One night in October when he was ten years old, Tyler Dupree stood in his back yard and watched the stars go out. They all flared into brilliance at once, then disappeared, replaced by a flat, empty black barrier. He and his best friends, Jason and Diane Lawton, had seen what became known as the Big Blackout. It would shape their lives. The effect is worldwide. The sun is now a featureless disk - a heat source, rather than an astronomical object. The moon is gone, but tides remain. Not only have the world's artificial satellites fallen out of orbit, their recovered remains are pitted and aged, as though they'd been in space far longer than their known lifespans. As Tyler, Jason, and Diane grow up, space probe reveals a bizarre truth: The barrier is artificial, generated by huge alien artifacts. Time is passing faster outside the barrier than inside - more than a hundred million years per day on Earth. At this rate, the death throes of the sun are only about forty years in our future. Jason, now a promising young scientist, devotes his life to working against this slow-moving apocalypse. Diane throws herself into hedonism, marrying a sinister cult leader who's forged a new religion out of the fears of the masses. Earth sends terraforming machines to Mars to let the onrush of time do its work, turning the planet green. Next they send humans...and immediately get back an emissary with thousands of years of stories to tell about the settling of Mars. Then Earth's probes reveal that an identical barrier has appeared around Mars. Jason, desperate, seeds near space with self-replicating machines that will scatter copies of themselves outward from the sun - and report back on what they find. Life on Earth is about to get much, much stranger.

The Searing Portrayal Of War That Has Stunned And Galvanized Generations Of Readers An immediate bestseller upon its original publication in 1939, Dalton Trumbo's stark, profoundly troubling masterpiece about the horrors of World War I brilliantly crystallized the uncompromising brutality of war and became the most influential protest novel of the Vietnam era. Johnny Got His Gun is an undisputed classic of antiwar literature that's as timely as ever. "A terrifying book, of an extraordinary emotional intensity."--The Washington Post "Powerful. . . an eye-opener." --Michael Moore "Mr. Trumbo sets this story down almost without pause or punctuation and with a fury amounting to eloquence."--The New York Times "A book that can never be forgotten by anyone who reads it."--Saturday Review Submerging her painful past in a promising career, beautiful but wary Katie Connelly keeps all men at a distance, until she meets the courtly and passionate Ramon Galverra. And the Sparrow Fell is a coming-of-age tale set against the backdrop of the Vietnam War. Former U.S. Congressman Robert J. Mrazek tells the story of a wealthy family on the north shore of Long Island in the spring of 1967. Cornell undergraduate Rick Ledbetter goes through a rocky journey of self-discovery as both his family and his country disintegrate around him. Rick has been accepted into the swift boat program at Naval Officer Candidate School and will be heading for combat in Vietnam. Rick's brother Tom, also a Cornell undergraduate, is a young man of true conscience who, because of his Christian faith, is morally opposed to the war. He has rejected conscientious-objector status. Rick meets and falls in love with Kate Kurshan, who is Tom's girlfriend. She is also a Cornell student who opposes the war. Their three lives intersect as Rick, who becomes a war hero, discovers the human cost of war, while Tom, who has great moral courage, puts his life on the line in protest of the Vietnam War at a terrible personal cost.

Donald Klopfer and Bennett Cerf had been partners in Random House for seventeen years, but Donald decided that he had to become a part of an even greater endeavor—the defeat of Nazi Germany. Not long after Pearl Harbor, Donald, who was then forty years old, took a leave from Random House and joined the United States Army Air Forces. He served for two and a half years, finally becoming an intelligence major in a B-24 group in England. Donald and Bennett wrote to each other regularly all during that period. Bennett sent Donald long newsy letters about the book business—authors, sales, publishing gossip—as well as about what was happening in New York. Donald reacted in his wise, serene way to Bennett's letters, and conveyed news of what was going on in the war, though sometimes censorship took its toll. This is nostalgia with substance, and because these letters were never intended to be read by anyone else, they reveal, in a convincing and wonderful way, just how special these two men were and how that specialness was reflected in the company they founded.

From one of the twentieth century's master novelists, the author of the classic *All Quiet on the Western Front*, comes *Heaven Has No Favorites*, a bittersweet story of unconventional love that sweeps across Europe. Lillian is charming, beautiful . . . and slowly dying of consumption. But she doesn't wish to end her days in a hospital in the Alps. She wants to see Paris again, then Venice—to live frivolously for as long as possible. She might die on the road, she might not, but before she goes, she wants a chance at life. Clerfayt, a race-car driver, tempts fate every time he's behind the wheel. A man with no illusions about chance, he is powerfully drawn to a woman who can look death in the eye and laugh. Together, he and Lillian make an unusual pair, living only for the moment, without regard for the future. It's a perfect arrangement—until one of them begins to fall in love. "The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure."—The New York Times Book Review
