How To Write Anything: The Format Of What You Write May Change But The Process Of Writing Anything Remains The Same This book is called How To Write Anything, and I confess there is some ego involved in the title. But then I've been a professional writer for over 40 years. As one of Canada's most successful writers and authors, I have written hard news articles, soft news and feature a releases, reports and proposals, case studies, research papers, email messages, website content, tweets, blog posts, and other online content. I have also written over 20 books on business, promotional and online writing and other topics, such as writing articles, memoir writing and living with Multiple Sclerosis, a disease that I have, but one that has not prevented me from writing or training. a couple of plays. So while I haven't written everything, I've written many things. The fact is that you can't read this book and go forth and write anything if you are not familiar with the format or structure of the document that you want to write--be it non-fiction or fiction. For instance, if you want to write a report, you do so using the methods in this book. However, you have to know how social media content, articles, promotional content, case studies, reports, white papers, PowerPoint presentations, speeches, website content, short stories or novels. So some of you reading this book might still have some learning to do. However, I suspect most of you know the structure of the documents you want to produce and you will be able to immediately apply the methods outlined in "Focus - Apply - Strengthen - Tweak. Write ten times faster than you do now - and write better; spark unlimited ideas, and never get stuck again; plan huge projects in a matter of hours; speed-write as easily as you talk; edit your work almost automatically; do it on as little as 20 minutes a day."--Cover.

Faith Andrews is trying to make a major life decision. Things never had been easy for her. First, she ends up in a relationship built in hell then she ends up falling for her best friend. She never did make the right decision with men. Years before, Faith had walked away hand in hand with a man she thought was her soul mate. This time, life would change completely with the blink of an eye. It isn't until Faith goes wandering around the Grand Ole Opry that she realizes what she needed all along. Faith gets advice over and over from someone who calls herself Patsy. When Faith asks more, she realizes she's talking to the country legend, Patsy Cline. Patsy knows what to do – Never ever let go of a dream. Fight to make your dreams come true. No matter what the situation, Patsy always knows just what to say. Jamie Gilbert had been writing and singing music since his teenage years. When he finally met Faith, he fell hard. He let her go once when she left to be with Evan. There wasn't going to be a second time. He was putting a ring on her finger. Now all he needed to do was convince her. Jason had warned Jamie more than once that if he did Faith wrong, he'd be replaceable. When he saves Faith from a situation that nobody expected, he starts to fall for her. The fact that she's married means nothing. Love triumphs. Now he just has to convince Faith of that.

Cold Gather begins as notorious, self-destructive glassblower Neil Bishop is diagnosed with a malignant, inoperable tumor. Told he has less than six months to live, he turns to his old friend, Jack Scanlon, to organize a Pre-Wake Party in their hometown to say good-bye to his friends. At the party, Jack gets his first real look at Neil's live-in lover of four years, Marla Stone. Neil has often vividly described Marla's fiendish temper and consuming libido. Jack is instantly pole-axed by her poise, her smoky beauty and her sensuality, generating this inebriated exchange at the end of the day;"I turned to my dear friend, this man with whom I had howled at the moon and raised so much hell across the years and said, 'Of course you realize that, as soon as you're cold, I'm coming after Marla.'He squeezed my shoulder, smiled broadly and said, 'You should do that. She'd be good for you.'He had never been more wrong, but sometimes we hear only what we want. I could not ignore an imprimatur like this."Neil is dead within three months of the party.It had been rumored over many years, (although no one had seen them), that Neil had finally completed his masterwork; seven large works of molded glass he called "The Deadly Sins." In 1994, he had given the first piece, "Lust", to Jack for safekeeping. The existence and whereabouts of the other six pieces were unknown until Jack's first trip to visit Marla in California. As an intensely passionate relationship unfolds between Marla and Jack, she finally takes him to see five mind-blowing pieces; Envy, Gluttony, Anger, Pride and Sloth-- bequeathed to her by Neil.Beautifully written, Tom Buechler's muscular first novel revolves around the tempestuous, often explosive, relationship between Jack and Marla as they fall in and out of love during their search for the missing Seventh Sin--Greed.In Cold Gather, Buechler showcases his trademark earthy dialogue and his unique gift for creating offbeat characters. He has crafted a robust story that is smart, bold and darkly funny with a satisfyingly twisted finale.

This workbook contains a variety of exercises and activities designed to help young learners advance the fine motor skills that are essential to the handwriting process, beginning by tracing lines and curves, and then gently introducing some letter-writing practice. Several mazes are also included in the book as a fun way to promote visual motor skills, eye-hand coordination, and problem-solving skills. Young students are introduced to the letters of the alphabet in exercises that have them trace Lowercase Alphabet and then practice writing them on their own. Numbers are also presented in an engaging way, with a lesson in phonetics as well as exercises for tracing and writing numerals. A section of connect-the-dot games provides more motor skills development along with helping children learn the order of alphabet, while fill-in-the-blank games reinforce alphabet learning in a different way and provide more practice in writing the missing letters. My BIG Book of Writing! is a versatile tool that can help children who are struggling with writing skills to work at a comfortable level, as well as assisting those for whom writing comes more easily to experience the multitrack learning their developing minds are hungry to absorb. Whatever level a child is at, the activities and exercises in this workbook will stimulate the learning process and prepare him or her for reading and other learning challenges ahead.

How to Write AnythingA Complete GuideW. W. Norton Don't Forget to Write Home is written by Wallace Durham and published by Gary Tavares. It is a compelling and eye-opening urban fiction story. James and his wife Mary were raising three children in Harlem during the turbulent sixties. Things take a turn for the worse when his wife becomes tragically ill. Through a series of negative circumstances, James ends up in an upstate prison. While in prison, he uses the power of writing to communicate with and practically raise his children.

George Orwell set out 'to make political writing into an art', and to a wide extent this aim shaped the future of English literature – his descriptions of authoritarian regimes helped to form a new vocabulary that is fundamental to understanding totalitarianism. While 1984 and Animal Farm are amongst the most popular classic novels in the English language, this new series of Orwell's essays seeks to bring a wider selection of his writing on politics and literature to a new readership. In Why I Write, the first in the Orwell's Essays series, Orwell describes his journey to becoming a writer, and his movement from writing poems to short stories to the essays, fiction and non-fiction we remember him for. He also discusses what he sees as the 'four great motives for writing' – 'sheer egoism', 'aesthetic enthusiasm', 'historical impulse' and 'political purpose' – and considers the importance of keeping these in balance. Why I Write is a unique opportunity to look into Orwell's mind, and it grants the reader an entirely different vantage point from which to consider the rest of the great writer's oeuvre. 'A writer who can – and must – be rediscovered with every age.' — Irish Times

As though an oracle had come to me, so also was the urge to write my story. I became aware that the nature of writing involved shall require some research into pre-historic African societies, with a view to relate to the towns and villages of Igboland and the Niger-Delta where my story took its root, even prior to my existence. Yet, the timing of this desire to write was such that peace seemed to have eluded me; following some set-backs which I described in the third part of my trilogy and parts of the post-script that followed. Whilst taking stock of my past and present condition in relation to my surroundings, the investigator soon became the investigated, prompting me to skip through pertinent aspects, episodes and narratives, in my quest to publish my first book seven years prior. In particular, the Afro-centric narratives contained in this story of our common humanity had to be told in a way that the author can be detached from the story, despite being the primary subject of investigation. As such, it became necessary to delve into some historical anecdotes, whilst also bringing to life the experience of living in Abayi, Aba; on a street called Shalom Road.

Become the writer you have always wanted to be! Pat is a writer, a writing coach and a publisher. As you read 'How to Write - Right!' you will see that is also a teacher - and so, your book and writing skill are waiting for you at the end of the book.

This is an interactive printing and coloring book that will teach your child the letters of the alphabet. This is a book that children can practice printing their names and learn the alphabet. The letters of the alphabet are represented by silly pictures that appeal to young minds. Some of the pictures are awful, like a worm in the apple or gum sticking to the bottom of their shoe. Each page has plenty of room for your child to practice printing that particular letter. The back of the book has a place for your child to think up words of their own and practice printing their name. This book is also a coloring book. This will get the child involved with the letter they are learning to write. I encourage the child to make the picture their own by adding additional background to the illustrations. There is a place in the book for your child to write their own name and date the book for a future memory. This book is geared for Pre-School to Elementary students. All ages will benefit from this interactive printing and coloring book.

All Dane Gade ever wanted was to be a successful writer. After a few sessions with his new friends Rose and Sherry at a romance book club, well, the more romances they read, the more they're convinced they can do better. And do they ever! They join their creative forces to become "Pamela Clarice," self-published romance novelist. When they look for a cover model for their first book, Dane sees the photos that will change his life. Paul Musegetes is the world's most popular romance cover model, and the most secretive. Dane soon finds himself obsessed with this supernaturally handsome man, and when he meets Paul at the Romance Writers' Ball on the Summer Solstice, he and Paul connect for one night of passion... After that night, Dane's a writing machine. He can't stop writing romances, and every story he touches turns to gold. But he also finds that he can't write anything but romances. And soon he's spending every waking moment of every day writing another after another... Then Dane finds out that this Midas touch has a heavy price. When the year is over, he'll never write again. Not a romance, not a serious novel. Nothing. Not even a grocery list. And that leaves him with only one option - find Paul, and get him to break the curse. But before he can do that, he'll have to track down Paul's equally mysterious photographer, Jackson da Vinci... EXCERPT: I stopped crying around my third drink. Rose and Sherry patted me on the shoulder, and we'd reshuffled the chairs so that my back was to the rest of the bar and nobody could see me blubber. "What am I going to do?" I cried. "I'm going to be...nothing. All my life, all I ever wanted to do was write. And then this happened, and I was writing! And I loved it...love it. But the whole idea was that I'd do this till I got rich, and then, I'd write more books like 'The Doldrums,' and if they didn't sell, well, so what?" I finished off my concoction as Rose signaled for another round. "Maybe," Sherry said, a little wobbly herself after two glasses of wine, "he's been around forever. Paul." "What do you mean?" Rose asked. "Maybe he's been doing this throughout the ages," Sherry mused. "For all we know, he's been crowning the Queen of Romance Novels for eternity." Rose's eyebrows went up. "You mean, like, he schtupped Barbara Cartland?" This made me laugh at the worst moment, and I choked on my drink. But Sherry took her seriously. "Sure, or even Jane Austen, for all we know. Maybe she got some after all. And where else did all these ladies keep coming up with tall dark and handsome, huh?" "But that implies he's immortal or supernatural or..." I tailed off. "We should find his old pics, and run them through some kind of facial recognition software. Compare them to the recent ones, see if he's aged..." Rose shook her head. "No, he doesn't look a day older, but he hasn't been around that many years. And look at Elijah Wood! Ever since 'Lord of the Rings,' he hasn't aged a day." "Maybe he's not human either," Sherry speculated.
