This major new textbook uses lively prose and a series of carefully-crafted pedagogical features to both introduce Sociology as a discipline and to help students realize how deeply sociological issues impact on their own lives. Over the book's ten chapters, students discover what Sociology is, alongside its historical development and emergent new concerns. They will be led through the theories that underpin the discipline and familiarized with what it takes to undertake good sociological research. Ultimately students will be led and inspired to develop their own sociological imagination – learning to question their own assumptions about the society, the culture and the world around them today.Historically, the majority of introductory Sociology textbooks have run to many hundreds of pages, discouraging students from further reading. By contrast, Discovering Sociology has been carefully designed and developed as a true introduction, covering the key ideas and topics that first year undergraduate students need to engage with without sacrificing intellectual rigour.

Madeleine Barthelemev is pregnant with twins. On the advice of her doctor, she decides to undertake their education in utero. With acerbic wit and a remarkably light touch, Pascal Bruckner plunges full force into a dystopian vision of creation gone awry, of reproductive mutiny. The Di'vmt' Child is an unforgettable, delightfully irreverent, and original tale from one of France's most distinctive storytellers.

From the #1 internationally bestselling author of Five Days and The Blue Hour, “a racy page-turner” (London Daily Express) about a Hollywood screenwriter whose overnight success brings about his biggest downfall. I always wanted to be rich. I know that probably sounds crass, but it’s the truth. A true confession. Like all would-be Hollywood screenwriters, David Armitage wants to be rich and famous. But for the past eleven years, he’s tasted nothing but failure. Then, out of nowhere, big-time luck comes his way when one of his scripts is bought for television. Before you can say “overnight success,” he’s the new toast of Hollywood as the creator of a hit series. Suddenly a major player, he finds that he’s reinventing himself at a great speed, especially when it comes to walking out on his wife and daughter for a young producer who worships only at the altar of ambition. But David’s upward mobility takes a decidedly strange turn when a billionaire film buff named Philip Fleck barges into his life, proposing a very curious collaboration. David takes the bait and suddenly finds himself inadvertently entering into a Faustian pact and an express ride to the lower depths of the Hollywood jungle.

Love's Executioner offers us the humane and extraordinary insight of renowned psychiatrist Irvin D. Yalom into the lives of ten of his patients - and through them into the minds of us all Why was Saul tormented by three unopened letters from Stockholm? What made Thelma spend her whole life raking over a long-past love affair? How did Carlos's macho fantasies help him deal with terminal cancer? In this engrossing book, Irvin Yalom gives detailed and deeply affecting accounts of his work with these and seven other patients. Deep down, all of them were suffering from the basic human anxieties - isolation, fear of death or freedom, a sense of the meaninglessness of life - that none of us can escape completely. And yet, as the case histories make touchingly clear, it is only by facing such anxieties head on that we can hope to come to terms with them and develop. Throughout, Dr Jalom remains refreshingly frank about his own errors and prejudices; his book provides a rare glimpse into the consulting room of a master therapist. 'Dr Yalom demonstrates once again that in the right hands, the stuff of therapy has the interest of the richest and most inventive fiction' Eva Hoffman, New York Times 'These remarkably moving and instructive tales of the psychiatric encounter bring the reader into novel territories of the mind - and the landscape is truly unforgettable' Maggie Scarf 'Love's Executioner is one of those rare books that suggests both the mystery and the poetry of the psychotherapeutic process. The best therapists are at least partly poets. With this riveting and beautifully written book, Irvin Yalom has joined their ranks' Erica Jong 'Dr Yalom offers a valuable insight into the delicate process of therapy' Sunday Telegraph 'Dr Yalom is unusually honest, both with his patients and about himself' Anthony Storr 'Yalom is a gifted storyteller, and from the sound of these tales, a no-less-gifted psychotherapist' Los Angeles Times

Re•lent•less (ri lent/lis): an attitude or posture that is resolute, uncompromising, persistent, unyielding, constant, unstoppable, ruthless. The opposite of slacken, waver, or concede. If ever there was a need for followers of Jesus to be resolute in purpose, uncompromising for truth, persistent in faith, unyielding in hope, constant in love, and unstoppable in advancing the kingdom...it's now! God is ruthless in His love and pursuit of us; it's time for His Bride to reflect the same passion. John Bevere explores how people of Bible times and today became relentless: John the Baptist spent years living in a barren desert. Jesus endured hardship in a desolate wilderness of temptation. Both men emerged strong in the "power of the Spirit," relentless in not just getting through challenges but in ruling over their circumstances. Ultimately, they succeeded in their God-given life mission. In Relentless, you'll learn how even seemingly impossible situations were never meant to stop you but to propel you forward in your journey. Discover in these biblically grounded truths how you can thrive no matter what your season of life. How you begin is not nearly as important as how you finish. Embrace your trials and become relentless! Questions for reflection and discussion included!

It also contains a portrait of the ideal spiritual society, along with Lorber's directives on how we may achieve the same closeness to the Divine in our own lives.
