

## Paper Towns John Green

'There are many boys in the world, all slightly different from one another, and most of them are referred to by names. These are often John or Jack or Desmond, but sometimes they are James, Philip or Simon. Once, and once only, there was a boy whose name was Fizzlebert.' Fizzlebert Stump lives in a travelling circus. But although he gets to hang around with acrobats, play with clowns, and put his head in a lion's mouth every night, he's the only kid there - and he's bored. But then Fizz decides to join a library, and life suddenly gets a lot more exciting, when a simple library card application leads to him being kidnapped by a pair of crazed pensioners! Will he ever see the circus again?

Meet Tommi Grayson: she's all bark . . . and all bite 'It was like my wolf had been there all along, waiting for me to tap its hand and step into the ring . . .' Tommi Grayson's never exactly been a normal girl. Bright blue hair, a mysterious past and barely controlled rage issues have a way of making a woman stand out. Yet she's never come close to guessing who she really is . . . When her mother dies, a shattered Tommi decides to track down her estranged father. Leaving Scotland for a remote corner of New Zealand, she discovers the truth of her heritage - and it's a whole lot more than merely human. Barely escaping with her life, now Tommi must return to her friends, pretending everything is normal, while all too aware of the dangers lurking outside - and with her. Worse still, something has followed her home . . . With the clock ticking, can Tommi learn to control her new powers in time to save the ones she loves? Mixing elements of fantasy, mystery and romance, *Who's Afraid?* is a must-read tale about one woman who takes on the world, one bite at a time 'Gripping, fast-paced, and completely unexpected, *Who's Afraid* has more twists than a tornado. I loved this story!' Darynda Jones, New York Times bestselling author of the *Charley Davidson* series

Shocking and controversial when it was first published in 1939, Steinbeck's Pulitzer prize-winning epic remains his undisputed masterpiece. It tells of the Joad family who travel West in search of the promised land, and find only broken dreams.

As many Green fans have already discovered, our sidekick is the ultimate go-to source for understanding the complexities of John Green's take on teen angst and tragedy. *Looking for Alaska* tells the story of Miles Halter, a 16-year-old with a nondescript life who is seeking a "Great Perhaps." In his quest, he finds himself at the Culver Creek Boarding School, where his past life of boredom and safety takes a back seat to adventure and sexual experimentation. His trek to the other side of the tracks takes him only a few steps, but he meets Alaska Young just down the hall at school. She is sexy, funny, and everything else that makes teenage boys drool. She is also a self-destructive sort, headed toward the "After" port of *Looking for Alaska*, where everything comes crashing down. As our sidekick details, the themes of life and death weave their way through the novel, drawing the characters closer together while preparing them for something that will rip them apart.

**'Outrageously scandalous, soaked in sex and money, aristocracy, adventure and grandeur... Catherine Ostler's superb, gripping, decadent biography brings an extraordinary woman and a whole world blazingly to life. An unforgettable, unputdownable read that seems both historical and modern, utterly relevant today.'** - Simon Sebag Montefiore, author of **Catherine the Great and Potemkin** **'Fascinating. Magnificent.?Sensitively told.'** Hallie Rubenhold, author of **The Five and The Covent Garden Ladies** **When the glamorous Elizabeth Chudleigh, Duchess of Kingston, Countess of Bristol, went on trial at Westminster Hall for bigamy in April 1776, the story drew more attention in society than the American War of Independence. A clandestine, candlelit wedding to the young heir to an earldom, a second marriage to a Duke, a lust for diamonds and an electrifying appearance at a masquerade ball in a diaphanous dress: no wonder the trial was a sensation. However, Elizabeth refused to submit to public humiliation and retire quietly. Rather than backing gracefully out of the limelight, she embarked on a Grand Tour of Europe, being welcomed by the Pope and Catherine the Great among others. As maid of honour to Augusta, Princess of Wales, Elizabeth led her life in the inner circle of the Hanoverian court and her exploits delighted and scandalised the press and the people.**

She made headlines, and was a constant feature in penny prints and gossip columns. Writers were intrigued by her. Thackeray drew on Elizabeth as inspiration for his calculating, alluring Becky Sharp. But her behaviour, often depicted as attention-seeking and manipulative, hid a more complex tale - that of Elizabeth's fight to overcome personal tragedy and loss. Now, in this brilliantly told and evocative biography, Catherine Ostler takes a fresh look at Elizabeth's story and seeks to understand and reappraise a woman who refused to be defined by society's expectations of her. A woman who was by turns, brave, loving and generous but also reckless, greedy and insecure; a woman totally unwilling to accept the female status of underdog or to hand over all the power, the glory and the adventures of life to men.

*'The excellent and appalling *Losing Earth* by Nathaniel Rich describes how close we came in the 70s to dealing with the causes of global warming and how US big business and Reaganite politicians in the 80s ensured it didn't happen. Read it.'* - John Simpson, *World Affairs Editor of BBC News* *By 1979, we knew all that we know now about the science of climate change - what was happening, why it was happening, and how to stop it. Over the next ten years, we had the very real opportunity to stop it. Obviously, we failed. Nathaniel Rich's groundbreaking account of that failure - and how tantalizingly close we came to signing binding treaties that would have saved us all before the fossil fuels industry and politicians committed to anti-scientific denialism - is already a journalistic blockbuster, a full issue of the *New York Times Magazine* that has earned favorable comparisons to Rachel Carson's *Silent Spring* and John Hersey's *Hiroshima*. Rich has become an instant, in-demand expert and speaker. A major movie deal is already in place. It is the story, perhaps, that can shift the conversation. In the book *Losing Earth*, Rich is able to provide more of the context for what did - and didn't - happen in the 1980s and, more important, is able to carry the story fully into the present day and wrestle with what those past failures mean for us at the beginning of the twenty-first century. It is not just an agonizing revelation of historical missed opportunities, but a clear-eyed and eloquent assessment of how we got to now, and what we can and must do before it's truly too late.*

*Larger-than-life character Tiny Cooper, from the bestselling novel *Will Grayson, Will Grayson*, finally tells his own story the only way he knows how - as a stupendous musical. This is the full script of *Hold Me Closer*, the musical written by and starring Tiny Cooper, from the *New York Times* bestselling novel *Will Grayson, Will Grayson*, written by David Levithan and John Green. Filled with humour, pain,*

and 'big, lively, belty' musical numbers, readers will finally learn the full story of Tiny Cooper from his birth and childhood to his quest for love and his infamous eighteen ex-boyfriends. David Levithan is the New York Times bestselling author of many novels for young readers including *Every Day*, *Will Grayson*, *Will Grayson* (with John Green), *Invisibility* (with Andrea Cremer) and *Nick and Norah's Infinite Playlist* (with Rachel Cohn), which was turned into a feature film. A breathtakingly illustrated cartographic history of India's capital The first text of its kind to focus on Delhi Provides a comprehensive and engaging overview of mapping in Delhi, from the nineteenth century all the way up to the near-distant future: the 'master-plan' of 2021 As the first ever organized collection of Delhi's maps, containing a chronology of magnificent ancient and modern hand-drawings as well as digital maps of the city, this book is as visually stunning as it is informative. Dr Guerrieri describes each map as an individual entity. She gives the maps unique and detailed focus, elaborating on their idiosyncrasies, aesthetic details, and rich historical relevance. The evolution of planning and architecture, which elegantly unfolds through the maps, mirrors the political, social, and historical progression of the capital. Maps of Delhi is both beautiful and stimulating, while also offering deeply insightful commentary that will be appreciated by the most discerning of scholars. It is an indisputable milestone for those wanting to research the capital. The book reveals, as A.G. Krishna Menon notes in the foreword, the charm of printed maps and the many pleasures and insights they offer when they are physically handled. It is a remarkable tribute to a remarkable city."
