Jas Herzog is a normal seventeen year old girl living in Gorizia, a small town on the border with Slovenia. She has long blond hair, intense dark eyes; she has an Italian girlfriend she tells everything to and big dream: to join her best friend Nick's team of investigators. As she waits for this dream to become a reality, and for her training to be completed, she goes to school like every other girl her age, with days of boredom and exams which she tries to avoid in any way she can. When Spela, one of the student at the

The old fear of the different, of the "foreigner" comes back to haunt them, creating a climate of distrust and tension. Jas doesn't give up and, together with her fellow students, will do all she can to stop ancient resentments from exploding again and to bring the culprits to justice.

Here's The Most Comprehensive Learning Resource For Thinking Positive Thinking - You have probably had someone tell you to think positive when you were in a trying situation. That is because the power of positive thinking is something that is a widely held belief. Most people easily accept that

when you give off positive energy, you can infect others with that positive energy and that they will return that energy to you. It is basically the idea that what you put out there will come back to you. Positive influences are all around us. They exist because people love to feel good. People prefer the positive to the negative. You can likely relate to this. You would probably rather be around someone who is upbeat and full of energy than someone who is depressed and moping around. People see that thinking positive and having a positive attitude can play a large role in their life. Positive thinking can be very powerful and by putting it to work in your life; you can reap the positive benefits.

Creative thinking is the ability to let your mind create thoughts that are often different and unusual. Creative thinking revolves around the idea of thinking beyond the scope of the norm. It is all about being able to think outside the box and be original in your thought process. Creative thinking is something you can train your mind to do. Some people are actually born with creative thinking abilities, while others have to really work to let themselves be a creative thinker. Innovation Thinking - However, it is possible for anyone to become a great creative thinker whether they were naturally born or they have to work at it. In 2018 India's prime minister, Narendra Modi, inaugurated the world's tallest statue: a 597-foot figure of nationalist leader Sardar Patel. Twice the height of the Statue of Liberty, it is but one of many massive statues built following India's economic reforms of the 1990s. In *Gods in the Time of Democracy* Kajri Jain examines how monumental icons emerged as a religious and political form in contemporary India, mobilizing the concept of emergence toward a radical treatment of art historical objects as dynamic assemblages. Drawing on a decade of fieldwork at
