In *The World of Jazz Trumpet - A Comprehensive History and Practical Philosophy*, acclaimed jazz trumpet soloist Scotty Barnhart examines the political, social and musical conditions that led to the creation of jazz as America's premier art form. He traces the many factors that enabled freed slaves and their descendants to merge the blues, gospel, classical marches, and African rhythms to create a timeless and profound art that, since its inception, circa 1900, continues to have a major impact on all music. *The World of Jazz Trumpet* is a must-have study of the jazz trumpet for students, instructors, and professional musicians, as well as for anyone who appreciates the genre. Readers will appreciate Barnhart's personal and professional connection to a major part of American and world history. This book fills a major void in the world of jazz education as well as in general music education. With entries on 800 trumpeters, it is destined to become required reading in thousands of colleges, schools and homes around the world.

DVD provides over three hours of audio and video demonstrations of rehearsal techniques and teaching methods for jazz improvisation, improving the rhythm section, and Latin jazz styles.

The Paris Conservatoire's rigorous curriculum for training both singers and instrumentalists led to a wealth of musical treasures in the form of pieces composed specifically for the end-of-year examinations, which culminated in a public prize competition, the Concours du Conservatoire. The solos composed for these examinations, both the sight-reading works and the longer contest pieces (morceaux de concours), constitute the first extended series of compositions for woodwinds, brass, and harp in music history, being composed nearly annually for each instrument beginning in the 1830s. The wealth of musical treasures resulting from this systematic accumulation of works represents the historical core of these instrumental repertoires today. The present volume contains a selection of morceaux de concours and other pieces written in a similar style, representing some of the most influential oboists and composers associated with the Conservatoire.

In the first major book devoted to the trumpet in more than two decades, John Wallace and Alexander McGrattan trace the surprising evolution and colorful performance history of one of the world's oldest instruments. They chart the introduction of the trumpet and its family into art music, and its rise to prominence as a solo instrument, from the Baroque "golden age," through the advent of valved brass instruments in the nineteenth century, and

## Read PDF Reprints From The International Trumpet Guild Journal

the trumpet's renaissance in the jazz age. The authors offer abundant insights into the trumpet's repertoire, with detailed analyses of works by Haydn, Handel, and Bach, and fresh material on the importance of jazz and influential jazz trumpeters for the reemergence of the trumpet as a solo instrument in classical music today. Wallace and McGrattan draw on deep research, lifetimes of experience in performing and teaching the trumpet in its various forms, and numerous interviews to illuminate the trumpet's history, music, and players. Copiously illustrated with photographs, facsimiles, and music examples throughout, *The Trumpet* will enlighten and fascinate all performers and enthusiasts [Publisher description].

The nineteenth-century English slide trumpet was the last trumpet with the traditional sound of the old classic trumpet. The instrument was essentially a natural trumpet to which had been added a movable slide with a return mechanism. It was England's standard orchestral trumpet, despite the dominance of natural and, ultimately, valved instruments elsewhere, and it remained in use by leading English players until the last years of the century. The slide trumpet's dominating role in nineteenth-century English orchestral playing has been well documented, but until now, the use of the instrument in solo and ensemble music has been given only superficial consideration. Art Brownlow's

# Read PDF Reprints From The International Trumpet Guild Journal

study is a new and thorough assessment of the slide trumpet. It is the first comprehensive examination of the orchestral, ensemble and solo literature written for this instrument. Other topics include the precursors of the nineteenth-century instrument, its initial development and subsequent modifications, its technique, and the slide trumpet's slow decline. Appendices include checklists of English trumpeters and slide trumpetmakers.

The autobiography of "possibly the greatest tuba player of all time" (New York Times), the man who "put class in the low brass." (Clark Terry, jazz trumpeter) With warmth and humor, tuba virtuoso Harvey Phillips tells the story of his amazing life and career—from his Missouri childhood through his days as a performer with the King Brothers and the Ringling Bros. and Barnum & Bailey circuses, his

## Read PDF Reprints From The International Trumpet Guild Journal

training at the Juilliard School, a stint with the U.S. Army Field Band, and his freelance days with the New York City Opera and Ballet. A founder of the New York Brass Quintet, Phillips served as vice president of the New England Conservatory of Music and became Distinguished Professor of Music at Indiana University. The creator of an industry of TubaChristmases, Octubafests, and TubaSantas, he crusaded for recognition of the tuba as a serious musical instrument, commissioning more than 200 works. Enhanced by an extensive gallery of photographs, Mr. Tuba conveys Phillips's playful zest for life while documenting his important musical legacy. "Mr. Tuba is not only a memoir, but it is a history of the twentieth century American music world and a resource for all music teachers and music lovers." —NBA Journal "A lively and informative read." —Herald-Times "[Phillips's] autobiography is a fitting end to his life's works, underlined with the same sense of inspiration and integrity that informed all of his musical activities." —Bloom Magazine

How to get a good sound, read music, and master a variety of styles-including classical, pop, jazz, and Latin Listening to a trumpet trilla series of high notes during a military march or wail longingly during a blues rendition-is a pleasure second to none. And masters, including Wynton Marsalis and Louis Armstrong, have made the trumpet truly Gabriel's horn, one of the most eloquent voices in classical music

*Current Jazz Trumpet Legends By: Larry Kemp Current Jazz Trumpet Legends, Volume 3 in the Jazz Trumpet Legends series, is an examination of the lives and contributions of jazz trumpeters born after July 1, 1938. Included are Lee Morgan, Bobby Shew, Lew Soloff, Woody Shaw, Arturo Sandoval, Wynton Marsalis, along with scores of other men and women who created jazz with a trumpet. This is an essential guide for the student of jazz, those interested in history, and those who just like to read entertaining true stories about the most colorful people. Current Jazz Trumpet Legends is the most comprehensive book on the subject. More*

*than 340 trumpeters are discussed. There is a listing of female trumpeters and a listing of men whose first names might lead you to think they are female, but they aren't. There is an index of trumpeters discussed in this volume and an index of all trumpeters in the three volume series. The book concludes with a list of people whose help is acknowledged. The scholarship involved is impeccable, while the text reads as easily as a novel. Current Jazz Trumpet Legends is the third of three volumes of profiles of jazz trumpeters organized chronologically by date of birth. The first volume, Early Jazz Trumpet covers those trumpeters born before September 1, 1924. The second volume, Modern Jazz Trumpet Legends covers those born between 1925 and July 1, 1938. The third volume, Current Jazz Trumpet Legends, covers those born after July 1, 1938. Written by an experienced and diverse lineup of veteran jazz educators, Teaching School Jazz presents a comprehensive approach to teaching beginning through high school-level jazz. Thoroughly grounded in the latest*

*research, chapters are supported by case studies woven into the narrative. The book therefore provides not only a wealth of school jazz teaching strategies but also the perspectives and principles from which they are derived. The book opens with a philosophical foundation to describe the current landscape of school jazz education. Readers are introduced to two expert school jazz educators who offer differing perspectives on the subject. The book concludes with an appendix of recommended audio, visual, digital, and written resources for teaching jazz. Accompanied by a website of playing exercises and audio examples, the book is invaluable resource for pre- and in-service music educators with no prior jazz experience, as well as those who wish to expand their knowledge of jazz performance practice and pedagogy. Originally published: New York: Doubleday, 1979.*

*The previous edition of this directory extended its coverage of the Far East, Australasia and Latin America, areas previously under-represented. For this*
