*'Thinner' - the old gypsy man barely whispers the word. Billy feels the touch of a withered hand on his cheek. Billy Halleck, prosperous if overweight citizen, happily married, shuddered then turned angrily away. The old woman's death had been none of his fault. The courts had cleared him. She'd just stumbled in front of his car. Now he simply wanted to forget the whole messy business. Later, when the scales told him he was losing weight, it was what the doctor ordered. His wife was pleased - as she should have been. But . . . 'Thinner' - the word, the old man's curse, has lodged in Billy's mind like a fattening worm, eating at his flesh, at his reason. And with his despair, comes violence.*

Four novellas from Stephen King bound together by the changing of seasons, each taking on the theme of a journey with strikingly different tones and characters. This gripping collection begins with "Rita Hayworth and the Shawshank Redemption," in which an unjustly imprisoned convict seeks a strange and startling revenge--the basis for the Best Picture Academy Award-nominee The Shawshank Redemption. Next is "Apt Pupil," the inspiration for the film of the same name about top high school student Todd Bowden and his obsession with the dark and deadly past of an older man in town. In "The Body," four rambunctious young boys plunge through the facade of a small town and come face-to-face with life, death, and intimations of their own mortality. This novella became the movie Stand By Me. Finally, a disgraced woman is determined to triumph over death in "The Breathing Method."--Provided by publisher.

It: Chapter Two—now a major motion picture! Stephen King 's terrifying, classic #1 New York Times bestseller, “ a landmark in American literature ” (Chicago Sun-Times)—about seven adults who return to their hometown to confront a nightmare they had first stumbled on as teenagers...an evil without a name: It. Welcome to Derry, Maine. It ' s a small city, a place as hauntingly familiar as your own hometown. Only in Derry the haunting is real. They were seven teenagers when they first stumbled upon the horror. Now they are grown-up men and women who have gone out into the big world to gain success and happiness. But the promise they made twenty-eight years ago calls them reunite in the same place where, as teenagers, they battled an evil creature that preyed on the city ' s children. Now, children are being murdered again and their repressed memories of that terrifying summer return as they prepare to once again battle the monster lurking in Derry ' s sewers. Readers of Stephen King know that Derry, Maine, is a place with a deep, dark hold on the author. It reappears in many of his books, including Bag of Bones, Hearts in Atlantis, and 11/22/63. But it all starts with It. “ Stephen King ' s most mature work ” (St. Petersburg Times), “ It will overwhelm you...to be read in a well-lit room only ” (Los Angeles Times).
