

Sniper Wolf

Bound within QUEER WOLF is an exciting collection of contemporary, urban and sensual werewolf tales; a gathering of queer wolves presented by exciting, new and established authors. QUEER WOLF In WOLF STRAP, "Returning home for the funeral of her cousin, Ayla thinks the worse she'll have to deal with is her prejudiced parents until she finds herself hunting down a monster." In MOON SING, "A young urban werewolf must choose between his life in the city or a young man who has secrets of his own." In WOLF LOVER, "Nigel has a werewolf fetish. When some rough trade doesn't quite go to plan, he finds himself wondering who is the hunted and who is the hunter?" In SHY HUNTER, "Since being assaulted, David must struggle to control the beast within. But the killer stalking David's lover may leave him no choice but to embrace his dangerous nature." In THE STRAY, "John thought it just coincidence that his housemate and the big grey dog that came by for handouts never crossed paths. How long would it take him to catch on?" In NEW BEGINNINGS, "Michael wasn't looking for change, but change found him in the form of Tori, a young werewolf

with a difficult past. To make a new beginning, they'll have to survive first." In WHERE THE SLED DOGS RUN, "Fourth grade teacher Drew Halliard thought he knew everything about the late Horwood Mather and his sled dogs, but what if the sled dogs want to know more about Drew?" In PAVLOV'S DOG, "Sometimes wolves go bad...it is this knowledge that kept Josh in self imposed isolation until Caleb came to the Pavlov's Dog and Josh realized that sometimes they don't." In WOLVES OF THE WEST, "Sometimes your life is defined by the things you have to keep hidden..." In FAMILY MATTERS , "What was supposed to be a quiet evening at home for alpha wolf Tala Nqumayo and her mate Mirabella turns into a desperate fight for the survival of the city they've sworn to protect." In WRONG TURN, "When Kevin Thomas ends up somewhere he should never be he meets Shawn Jameson, someone he should never have met and enters a world of danger and mystery." In LEADER OF THE PACK, "A new lover ignites a flood of emotions within Adolfo as he reflects on beginnings and discovers a startling and unexpected ending." In WAR OF THE WOLVES, "It took a werewolf to save Hunter's life and a mortal to show him his destiny...but in the war to come he must fight for all he holds dear."

In FLIP CITY, "With nightmares invading his city, Ryan's only refuge is the silence of the park-but when a strange wolf bites him, he discovers that not all nightmares are bad..." In NIGHT SWIMMING, "Far more than skin is revealed at the city's river when two men from different walks of life are brought together." In IN THE SEEONEE HILLS, "When young Claire infiltrates a rival pack and draws the attention of Geneva, the pack's charismatic heir, she soon discovers that she is not the only werewolf with a hidden agenda." And in A WOLF'S MOON, "An interloper stalks the queer wolves of the city but it is the alpha's lover, his mate, Sebastian who appears deepest under the spell of scent and seduction." THERE IS A QUEER MOON RISING...

Before they co-created the hit web series Hey Ash, Whatcha Playin'?, Ashly and Anthony Burch were just a brother and sister who shared a weird obsession with Solid Snake and his 3D debut, Metal Gear Solid. And why wouldn't they? Hideo Kojima's 1998 game featured groundbreaking stealth mechanics, a gruff and hunky leading man, a brilliantly claustrophobic setting, tons of cinematic cutscenes, shocking fourth wall breaks, and terrifying bosses. The only problem: The Burches grew up but their all-time

favorite video game didn't. After nearly two decades, Metal Gear Solid's once-innovative stealth mechanics seem outdated, the cutscenes have lost some of their action movie punch, and the game's treatment of women is often out of touch. Witness a celebration/takedown of this landmark game with the combination of insight and hilarity that Ashly and Anthony have made their careers on.

Scott McEwen is medeauteur van de bestseller American Sniper, de autobiografie van Chris Kyle en verfilmd met Bradley Cooper in de hoofdrol. De Amerikaanse held en SEAL-scherpschutter Gil Shannon moet samenwerken met een onwaarschijnlijke bondgenoot om te voorkomen dat terroristen een spoor van verwoesting door Europa trekken. Hij jaagt op 'de Wolf', een solitair opererende sluipschutter uit het Russische leger, die zich bij Tsjetsjeense terroristen heeft aangesloten. Maar Gil Shannon verandert van jager in prooi wanneer een verrader die een hoge functie bekleedt bij de Amerikaanse regering informatie over zijn missie doorspeelt. Shannon moet hulp zoeken bij een onwaarschijnlijke bondgenoot, een levensgevaarlijke Russische commando...

"Hot on the trail of 'The Wolf,' a rogue Russian military sniper-

turned-Chechen-terrorist, Gil Shannon turns from hunter to hunted when his mission is exposed by a traitor high up in US government. Shannon must turn to an unlikely ally--a deadly Russian special operative--to help even the odds. But when they discover that 'The Wolf' is just the tip of a global terrorist plot whose goal is to upend the US economy and the stability of the Western world, Shannon and his team of operatives must track the terrorists down before their plan comes to fruition"--

Castrose Zukan returns to the hideaway his brother, Clayton, had been using, only to find it destroyed. After checking the escape route they'd created, he discovers Clayton didn't leave alone. While it takes a few days, Castrose figures out who took him...and where. He sneaks into the United States and heads to a little mountain town called Stone Ridge. What he doesn't expect is to become the hunted. When Eion MacDougal watched his two eldest brothers and dozens of others in their wolf shifter pack find their mates, he never lost hope that he would find his own someday. Out hunting with family in wolf form, that day comes when he runs across a guy with a sniper rifle. Revealing himself has unexpected consequences. The big, blond human faints. With help from his family, Eion takes him

home. Help from his pack tells him who the human is...and why he's there. When Castrose wakes, can he win the man's trust? Or will his mate flee from Eion when he learns he's part of the group that kidnapped the human's only family?

Ion Idriess was a spotter for the famous Australian sniper, Billy Sing, and this book draws on his own experiences in the Gallipoli trenches during World War One. Sing had a reputation as an excellent marksman, lurking in the dark and silently sneaking up on the enemy. One day he was shot by a Turkish soldier. The bullet travelled down the barrel of his telescope, wounding both hands then went through his mouth, out his cheek and into his shoulder. He recovered from the injury, but was never really the same...

Idriess was a trooper with the Light Horse at Gallipoli, all the way to Beersheba, and his diary was published as The Desert Column. Drawing on his military experience, this is one of six manuals written for soldiers and civilians in 1942, when invasion by the Japanese seemed imminent.

“ gripping, fast-paced adventure ” (Dan Hampton, New York Times bestselling author of Viper Pilot) of the Sniper Elite series from the co-author of the #1 New York Times bestseller American Sniper. Bob Pope, the director of an American secret intelligence antiterrorism program, has lost contact with his most trusted operative, Navy Master Chief Gil Shannon, fearing him dead when a mission to take out a Swiss banker channeling funds to Muslim extremists goes awry. Now an American politician and her team have been assassinated in Mexico City by the Ghost Sniper—an American ex-military gunman-for-hire employed by Mexico ’ s most ruthless drug cartel—and Pope must turn instead to retired Navy SEAL Daniel Crosswhite and brand-new Sniper Elite hero, ex – Green Beret Chance Vaught, in order to track down the Ghost Sniper and expose the corrupt officials behind this murderous international plot!

From the coauthor of the #1 New York Times bestseller American Sniper—the critically acclaimed memoir of SEAL sniper Chris Kyle—this “ inspired by true events ” thriller follows one of America ’ s most lethal marksmen as he leads the rescue of a downed female Special Ops pilot. ONE TEAM. ONE SHOT. ONE WAY. In direct defiance of the president ’ s orders, Navy Master Chief Gil Shannon, one of America ’ s most lethal SEAL snipers, launches his own bold mission comprised of SEAL Team Six and Delta Force fighters to free a female helicopter pilot being held and brutally mistreated by Taliban insurgents in Afghanistan. The president fears a botched rescue would be a foreign policy disaster—and the end of his term. But once the special ops community learns that one of their own has been taken hostage, there is no executive

From the author of the highly acclaimed Sean Kruger Series, comes a new adventure featuring ex-Marine sniper and retired CIA operator, Michael Wolfe. Somebody wants Wolfe, and his ex-Mossad girlfriend, Nadia Picard, dead. When an attempt to assassinate them in Barcelona, Spain goes awry, they manage to find their way back to Wolfe's rustic property in remote southern Missouri unscathed. Not one to hide from a threat, Wolfe aggressively starts using his training and skills to find out who tried to eliminate them in Barcelona, but more importantly- why. Filled with well-crafted characters and the trademark twists and turns of a J.C. Fields novel, A Lone Wolf will keep you turning the pages late into the night. Praise for J.C. Fields and the Sean Kruger Series 5 Stars - This is first class writing! Grady Harp, San Francisco Review of Books 5 Stars - J.C. Fields is a great writer and I enjoyed the fluidity in the prose, the intelligent dialogues and the wonderful descriptions. Divine Zape, Readers' Favorite 5 Stars - His characters are well developed-the action and drama are paced well...the twists and turns will have readers guessing with just the right amount of bait. It's hard to put down a book in the Kruger series once you've picked it up. Literary Titan Review

A riveting novel of international suspense from acclaimed author and veteran diplomat Matthew Palmer. Twenty years after the Srebrenica massacre that claimed the life of his friend and colleague, Eric Petrosian is back in Sarajevo at the American embassy, and the specter of war once again hangs over the Balkans. The Bosnian Serb leader, who had for a time been seeking a stable peace, has turned back to his nationalist roots and is threatening to pull Bosnia apart in a bloody struggle for control . . . and behind him is a shadowy mafia figure pulling the strings. As Eric is dragged deeper into the political maelstrom and uncovers a plot of blackmail and ruthless ambitions, Eric is faced with an impossible choice: use the information he 's uncovered to achieve atonement for the past or use it to shape the future.

Please note that the content of this book primarily consists of articles available from Wikipedia or other free sources online. Pages: 35. Chapters: Amanda Young, Brian Griffin, Cathy Craig, Gregory House, Jesse Pinkman, Kimber Henry, Kristin Shepard, Max Payne (character), Patsy Stone, Rainie Cross, Roger (American Dad!), Sniper Wolf, Spencer Reid. Excerpt: Gregory House, M.D. - typically referred to simply as House - is a title character and the protagonist of the American television series House (2004-2012). He is played by Hugh Laurie. House is the Head of Diagnostic Medicine at the fictional Princeton-Plainsboro Teaching Hospital in New Jersey, where he leads a team of diagnosticians. House's character has been described as a misanthrope, cynic, narcissist, and curmudgeon. He is the only character to appear in all 177 episodes. The season 6 premiere is the only episode in which House is the only regular character to appear, besides Wilson (briefly). In the series, the character's unorthodox diagnostic approaches, radical therapeutic motives, and stalwart rationality have resulted in much conflict between him and his colleagues. House is also often portrayed as lacking

sympathy for his patients and having a practice allowing him the time to solve pathological enigmas. The character is partly inspired by Sherlock Holmes. A portion of the show's plot centers on House's habitual use of Vicodin to manage pain stemming from a leg infarction involving his quadriceps muscle some years earlier, an injury that forces him to walk with a cane. This addiction is also one of the many parallels to Holmes, who was a habitual user of cocaine. Throughout the series' run, the character has received positive reviews. Tom Shales of The Washington Post called House "the most electrifying character to hit television in years." In 2008, House was voted by BuddyTV second sexiest TV doctor ever, behind Dr. Doug Ross (George Clooney) from ER. TV Overmind has named House the best...

The Threat From Within By: Gilbert Lewis The ISIS high command is angry that the hostage operation has failed. They conclude that their main obstacle is the MI6 operative, Estella “Rose” Mathews. Rose and a combined team of British and French Special Forces successfully rescued the six hostages from England, France, and the United States. After the hostages were successfully rescued, ISIS now plans an attack using their western fighters. Again, these attacks are prevented by western intelligence agencies. ISIS has now moved its attack to the America Homefront. MI6 assigns Rose to the CIA. The CIA, in turn, assigned Rose to work covertly with the American company White Mountain

Analytics (WMA). ISIS develops a fool-proof-plan to kill Rose. They have posted a “kill contract” on the darknet to assassinate Rose. The posting of the “kill contract” is answered by Adolf Wolfgang (Wolf) Schneider. Wolf was in the Marines and was given a dishonorable discharge. He blames his being booted from the Marines on a black captain. Wolf grew up in Kentucky with a father who blamed all of his failures on the “blacks.” Wolf grew up in an environment of “White Supremacy” thus, him being booted from the Marines only strengthen his hatred for Negros, slant eyes and beaners. Upon being booted from the Marines, Wolf found his way to KKK camps in Montana and Tennessee. Within two years he was the top dog. The KKK camp sells drugs brought in illegally from Mexico. Wolf quickly spreads the KKK enterprise to gun running and prostitution. Wolf’s expertise is “sniper” kills. His motto is “One Shot, One Kill.” He learned the trade in the Marines. When Wolf answered the post to kill Rose, he already had completed kills on mafia rats, crooked politicians, and police officers who have not honored their contract to the mafia. So far, he finds it easy money. Each kill brings in an average of \$100K. Wolf checks on the darknet monthly for easy kills. His contract to kill Rose is \$600K. The story unfolds as Rose is tipped off that there is a kill contract on her life. Rose and members of WMA determine that the assassin is a member of a White Nationalist camp in Tennessee. The WMA team discovers that the camp is involved in illicit drugs, opioids, gun-running, and forced prostitution. When the prostitutes are no longer needed, they use them in snuff movies. Rose and her team of experienced special operations personnel and the FBI engage

in a long siege. As the siege continues, President Trout in his rallies is bad-mouthing the FBI. The crowd surrounding the White Nationalist camp is turning against Rose and the FBI. They must quickly and carefully attack and turn the general public against the tide of support for these domestic terrorists.

A sniper is a military who engages targets from positions of concealment or at distances exceeding the target's detection capabilities. Snipers generally have specialized training

and are equipped with high-precision rifles and high-magnification optics, and often also serve as observers feeding tactical information back to their units or command headquarters. This book is closely at wartime's lone wolf sniper, the sharpshooter sent on highly secret missions to take out a single important target; or in Nam who crawled underground to fight the enemy in the dark. Here's how they prepared themselves for the worst of it - in Carlos Hathcock's case a three-day crawl in slow-motion through heavily guarded enemy territory before he even reaches his protected target.

This book modifies the concept of performativity with media theory in order to build a rigorous method for analyzing videogame performances. Beginning with an interdisciplinary exploration of performative motifs in Western art and literary history, the book shows the importance of framing devices in orienting audiences' experience of art. The frame, as a site of paradox, links the book's discussion of theory with close readings of texts, which include artworks, books and videogames. The resulting method is interdisciplinary in scope and will be of use to researchers interested in the performative aspects of gaming, art, digital storytelling and nonlinear narrative.

From the coauthor of the #1 New York Times bestseller *American Sniper* comes a heart-pounding military thriller in which the fabled Special Ops unit is activated to stop a group of terrorists from launching "suitcase" nukes somewhere in America. When Chechen terrorists manage to smuggle a Cold War-era Russian nuke across the Mexican-American border, the President is forced to reactivate the only unit capable of stopping them: Navy

SEAL sniper Gil Shannon and his brash team of SEALs and Delta Force fighters. First introduced in Sniper Elite: One-Way Trip, hailed by Publishers Weekly as a “meaty thriller” with “snappy dialogue and well-timed humor,” Shannon and his team were run out of the military after defying direct orders and instead choosing to save the life of one of their own. In Target America, Gil and his team, many of whom had gone rogue, are reunited as an off-the-books Special Ops unit that must race against the clock to save the country from nuclear destruction. #1 New York Times bestselling author Scott McEwen once again delivers a gripping and fast-paced adventure that illuminates the shadow world of clandestine military operations.

Sergei Zhukov was graduated from St. Petersburg University in Leningrad, Russia, and wanted to be a physicist. However, World War II was just starting, and the Germans were on the Russian doorstep. During a college project, he had developed a long-range bear-hunting rifle, and the Russian Army was interested in him and his ability to develop an even longer-range sniper rifle. He did so, and the Army High Command commissioned him to go out and follow the German SS Panzer divisions that were invading Russia and shoot as many of their high-ranking officers as possible. He was very successful. In three years, he was in many engagements, some lasting only one day and others lasting many months. He and his spotter and two wolf dogs lived off the land any way they could to survive. The German SS sent out hunters after him on many occasions. The German SS had also put an extremely large, ever-growing bounty on him. His response was to send

back the bounty posters to the SS division commanders attached to the well-chewed SS hunters, with a message: The Eye of the Wolf is upon you. He became an enigma to the German SS and a folk hero to the Russians. His missions started at the Poland/Russia border and went on to Moscow. He was then sent to the Crimea, then Stalingrad. He then went back north to Leningrad, and each time, he engaged the German SS panzer divisions. The Sniper and the Wolf A Sniper Elite Novel Simon and Schuster
