Avoid the booty call blues and get the love -- and sex -- you deserve! Come on. Admit it. He may not be that into you, but were you ever really that into him? He was never "the one," but you lowered your standards and dated him in the meantime. Why? For any number of reasons: you were lonely, you were horny, you thought dating him was better than being alone, all your friends are getting married -- you name it. And before you knew it, you got hung up on the jerk. Go figure. The world is full of sensational women, but in today's market there are too few good men to go around (or so it appears). Now Dr. Ian Kerner, clinical sexologist and author of the smash hit *She Comes First*, explores the battlefield of sex, hook ups, go-nowhere relationships, and the dismal dating treadmill, simultaneously arming women with a sharper set of insights and the tools for change. With humor and sincerity, Kerner shows women how to break the cycle of dating defeat and use the power of sex to find love, "with a great guy who is into you." So raise your standards -- and reach for the love you deserve!

"You are not born an entrepreneur. It's a skill that you learn along the way." When the skincare company Rodial launched its cult 'snake' serum, the press quickly called the business an 'overnight success'. However, Rodial's founder Maria Hatzistefanis had been toiling for 18 years, building the company from scratch in her bedroom. Now, the beauty boss sets out to demonstrate in this very accessible book that its success stemmed from sheer hard work, tireless efforts and a lot of patience. Fashion-loving Maria set out with a dream to build a beauty business and – despite not excelling at school, and being fired from her first job – she has achieved it. She did it by dreaming big, working hard, surrounding herself with the best, taking risks, creating buzz and building her own personal brand, which is now a favourite with high-profile models and media personalities including Poppy Delevingne, Daisy Lowe and Kylie Jenner. Crucially, she believes anyone can do this and her book, brimming with good sense, great advice, tips and secrets – all presented in an easy, friendly style – shows how.

Writing in response to Steve Harvey's 'Act Like a Lady, Think Like a Man,' author Maria Bustillos reveals the secrets of women in order that men, too, can get what they want from women--which is to get them into bed. An absurdist meditation on the battle of the sexes--and required reading for would-be Lotharios as well as parents of teenage girls--from the author of *Dorkismo: the Macho of the Dork*.

Every person who has made such a study has arrived at the same shocking conclusion: success is merely a decision. You must decide what you want and then begin moving toward it.

You decide where you are, and you begin with whatever you have. That’s it. “The only limits in our life are those that we impose on ourselves.” - BOB PROCTOR

a Lady, Think Like a Man is an invaluable self-help book that can empower women everywhere to take control of their relationships. The host of a top-rated radio show listened to by millions daily—and of cable TV’s The Steve Harvey Project—Harvey knows what men really think about love, intimacy, and commitment. From a millennial media maker and award-winning social critic, an accessible, straightforward, and remarkable guide that “invites us beyond the old stories we’ve told about ourselves, and into the wonder of our dreams, hopes, and love—so we can find our truth and purpose” (Glennon Doyle, New York Times bestselling author) for a generation paralyzed by the pressures of life. Behind the glossy Instagram pictures, many people in their 20s and 30s are living frustrating lives: overwhelmed and confused, anxious and inauthentic, exhausted and afraid. They are leading lives that, unbeknownst to them, have been shaped by everyone but themselves. From social media to the workplace, the stories that they have believed have left them constantly seeking a better life but rarely ever finding it. Erica Williams Simon saw this all too well. At 27, she abruptly walked away from her career as a rising political media star to find her own truth and a truth that would help others finally build a life worth living. She rejected the lies that the world had taught her, and rewrote the ideas that have the power to shape a generation. You Deserve the Truth is a “refreshingly blunt take on happiness” (Publishers Weekly) and is a masterclass in how to challenge the narratives about fear, work, identity, success, love, and life. This “smart and all too real guidebook for anyone striving to craft an authentic and inspired life from the ground up” (Francesca Ramsey, host of MTV’s Decoded) gives you the tools you need in order to break free from the narratives holding you back from starting an exciting new phase in a beautiful life.

In today’s busy world, finding physical and mental space for peace and calm amidst the competing demands of work, family and friends can be a challenge. The MANipulator Manual: Keep Your Man Interested and Begging for More Without Playing Games Let me start off by explaining I am in no way talking about the sexual act. F*ck him in this case is not physical, it's mental. So many women get in trouble in their love lives, and 99.9 percent of that trouble could have been avoided if they'd said, "Well, f*ck him!" a bit more often. Too many women are way too nice and compliant to their men, especially when these men don't deserve that kind of treatment. And yet, every woman I've ever met tries to not be needy or wear her heart on her sleeve. She simply wants to protect her feelings. Nevertheless, most women I've coached have had men seem very interested only to disappear suddenly. These women are left standing in the dark. Once the guy vanishes, they often find out it's easier to get the President of the United States on the phone than the man who seemingly really liked them...just not enough to stick around. This should stop. I, as a dating coach and author of books for women who want to get men, cannot take it anymore. You deserve better. This is not your fault. It's his! He needs to learn to be much more transparent and upfront. That said, we both know most men won't change. We can lead a horse to water, but we can't make it drink. Or can we? What if there was a way to change a guy's behavior? What if you could get into his head and take over the driver's wheel? What if you could make him do more of the things that you appreciate and need and less of the bad behaviors you dislike? At first, this might seem impossible. Nevertheless, I'm sure you've already met women who are good at manipulating their men. Enter the high-value woman. You know her. You've seen her. She's the woman who always has great men drooling over her. It's the woman you see getting all the attention. You often wonder, "How does she do it? What do they see in her? What does she know that I don't?" You might have even complained to your girlfriends that men just don't seem to notice what a catch you are. Your girlfriends may have even said, "He doesn't know what he's missing." What if you could make him see it? When you look at these high-value women who get their way with men, it might have surprised you that their looks don't seem to matter. The high-value woman can be great looking, average looking, or even bad looking. It doesn't matter. She knows her way around men. She knows how to mentally f*ck them. Are you ready to implement her strategies? You'll see behavior you've never seen from him. He'll start to put in an effort that makes you feel like you're a queen because to him, you are. At first, it will be strange. If you've never truly been in control of a man, it might feel like riding a horse for the first time. But soon, it will make you feel all tingly inside. I'm not kidding. There's nothing more powerful than being in a relationship with a guy and having him do exactly what you want while he thinks it was his idea. (This is important, as you'll see. He needs to think he is the one in the driver's seat, even though you actually are.) This book is not about becoming someone you're not or turning your boyfriend into a spineless manslave. It's about your empowerment, about taking back what's yours. No man should ever be able to play games with you, to take you for granted, to treat you even a tiny bit less than you deserve. By the time you've finished this book, this will all be part of your past. Are you ready? Then hit the buy button at the top of this page and start your high value woman journey right away!

In the instant number one New York Times bestseller Act Like a Lady, Think Like a Man, Steve Harvey gave millions of women around the globe insight into what men really think about love, intimacy, and commitment. In his new book he zeros in on what motivates men and provides tips on how women can use that knowledge to get more of what they need out of their relationships, whether it's more help around the house, more of the right kind of attention in the bedroom, more money in the joint bank account, or more truth when it comes to the hard questions, such as: Are you committed to building a future together? Does my success intimidate you? Have you cheated on me? In Straight Talk, No Chaser: How to Find, Keep, and Understand a Man, Steve Harvey shares information on: How to Get the Truth Out of Your Man Tired of answers that are deceptive? Harvey lays out a three-tier, CIA-style of questioning that will leave your man no choice but to cut to the chase and deliver the truth. Dating Tips, Decade by Decade Whether you're in your twenties and just starting to date seriously, in your thirties and feeling the tick of the biological clock, or in your forties and beyond, Steve provides insight into what a man, in each decade of his life, is looking for in a mate. How to Minimize Nagging and Maximize Harmony at Home He said he'd cut the lawn on Saturday, and you may have been within reason to think that that meant Saturday before ten in the evening, but exploding at him is only going to ruin the mood for everyone, which means no romance. Steve shows you how to talk to your man in a way that moves him to action and keeps the peace. And there's much more, including Steve's candid answers to questions you've always wanted to ask men. Drawing on a lifetime of experience and the feedback women have shared with him in reaction to Act Like a Lady, Think Like a Man, Harvey offers wisdom on a wealth of topics relevant to both sexes today. He also gets more personal, sharing anecdotes from his own family history. Always direct, often funny, and incredibly perceptive, media personality, comedian, philanthropist, and (finally) happily married husband, Steve Harvey proves once again that he is the king of relationships.
