"Verse is born free but everywhere in chains. It has been my project to rattle the chains." (from "The Revenge of the Poet-Critic") In My Way, (in)famous language poet and critic Charles Bernstein deploys a wide variety of interlinked forms—speeches and poems, interviews and essays—to explore the place of poetry in American culture and in the university. Sometimes comic, sometimes dark, Bernstein's writing is irreverent but always relevant, "not structurally challenged, but structurally challenging." Addressing many interrelated issues, Bernstein moves from the role of the public intellectual to the poetics of scholarly prose, from vernacular modernism to idiosyncratic postmodernism, from identity politics to the resurgence of the aesthetic, from cultural studies to poetry as a performance art, from the small press movement to the Web. Along the way he provides "close listening" to such poets as Charles Reznikoff, Laura Riding, Susan Howe, Ezra Pound, Allen Ginsberg, and Gertrude Stein, as well as a fresh perspective on L=A=N=G=U=A=G=E, the magazine he coedited that became a fulcrum for a new wave of North American writing. In his passionate defense of an activist, innovative poetry, Bernstein never departs from the culturally engaged, linguistically complex, yet often very funny writing that has characterized his unique approach to poetry for over twenty years. Offering some of his most daring work yet—essays in poetic lines, prose with poetic motifs, interviews miming speech, speeches veering into song—Charles Bernstein's My Way illuminates the newest developments in contemporary poetry with its own contributions to them. "The result of [Bernstein's] provocative groping is more stimulating than many books of either poetry or criticism have been in recent years."—Molly McQuade, Washington Post Book World "This book, for all of its centrifugal activity, is a singular yet globally relevant perspective on the literary arts and their institutions, offered in good faith, yet cranky and poignant enough to not be easily ignored."—Publishers Weekly "Bernstein has emerged as postmodern poetry's sous-chef of insouciance. My Way is another of his rich concoctions, fortified with intellect and seasoned with laughter."—Timothy Gray, American Literature

Give students the repeated practice they need to master the reading skill of identifying the main idea and supporting details, and succeed on tests! Each of the 35 reproducible pages features a high-interest nonfiction reading passage with bubble-test practice questions that target this essential reading comprehension skill. Flexible and easy to use- in school or at home-the book also includes model lessons, pre- and post-assessments, and an answer key. For use with Grades 2-3. To Begin Again signals the arrival of an important new voice. In words that are as wise as they are comforting and as universal as they are specific, Rabbi Naomi Levy tells us how to survive, emotionally and spiritually, when we feel overwhelmed by grief, loss, or life itself. Her book provides a safe harbor where we can begin to reconstitute our lives. Where do we find the strength to rebuild our lives after difficult times? Is it possible to recapture our hope? Our innocence? Our faith? The answers, never simple but always inspiring, are indeed found in this wonderful book. Naomi Levy was a bright, cheerful fifteen-year-old girl who awoke to the devastating news that her father had been shot. His senseless murder shattered her belief in God and left her feeling helpless and full of rage. But, in time, she learned to fight her way through the darkness to conquer her heartbreaking pain. She describes, with humor and extraordinary honesty, how she managed to emerge victorious over sorrow. Later, in her years as the rabbi of a congregation in Venice, California, Levy quickly learned that her own painful experiences were not unique. Many of her congregants had also suffered--divorce, addiction, rape, loss, illness. They too had searched long and hard for ways to bring joy back into their lives. A natural and engaging storyteller, Levy weaves together her own story and the struggles of her congregants with the ancient lessons of great sages. She offers up exquisitely simple prayers, which--no matter what our religious beliefs--remind us that we are far, far stronger than we ever imagined. What emerges is a remarkable tapestry that teaches us how to mend our hearts and souls. To Begin Again is a book that will be passed to friends when tragedy strikes, a book that will rest at our bedside tables during troubling times. It is a testament to the human spirit--to the undying strength that enables us to make our way through whatever darkness we may face and begin living once again.

Andrew wants freckles so badly that he buys Sharon's freckle recipe for fifty cents.

The present volume, first published in 1962, consists of two distinguished speeches given by the General of the U.S. Army, Douglas MacArthur. The first address took place on April 19, 1951 and was held before a joint meeting of the two houses of United States Congress—the House of Representatives and the Senate—and took place in the Hall of the House of Representatives. This meeting followed on just one week from MacArthur's removal from command by President Harry S. Truman. The second address was held on May 12, 1921 and was given to The Members of the Association of Graduates, U.S.M.A., The Corps of Cadets, and Distinguished Guests. It was given on the occasion of MacArthur's acceptance of the Sylvanus Thayer Award for outstanding service to the nation, which had gone to Eisenhower the year before. The event was held at the United States Military Academy in West Point, New York.

Have you ever stared into the night sky, full of stars and planets? As a kid, Neil deGrasse Tyson was star-struck when he first visited a planetarium. The universe was calling him. Tyson pursued his interest in astronomy and studied to be an astrophysicist. In 1996, he became the director of New York's Hayden Planetarium. He is passionate about teaching people about the universe. Known for making science fun and easy to understand, he has hosted and appeared on TV shows such as Nova ScienceNow and The Daily Show with Jon Stewart. He even has more than one million Twitter followers! But how did he get there? Follow his path from fascinated kid to popular space expert.

Growing up in Greene County, Tennessee, Davy Crockett's education came from the toil of hard labor. Working as a farm hand and wagon driver, he learned about the people and the land of the West -- and he was captivated. The untamed wilderness, the sound of wild animals, and the roar of the river would be his destiny. One of America's best-known folk heroes, Crockett served as a frontiersman, a scout, a soldier, and a politician in the U.S. Congress. He died defending the Alamo, a steadfast citizen and heroic leader to the very end.

Rocket loves books and he wants to make his own, but he can't think of a story. Encouraged by the little yellow bird to look closely at the world around him for inspiration, Rocket sets out on a journey. Along the way he discovers small details that he has never noticed before, a timid baby owl who becomes his friend, and an idea for a story. This irresistible sequel to the New York Times bestseller How Rocket Learned to Read—complete with audio narration—is sure to appeal to kids, parents, teachers, and librarians. This ebook includes Read & Listen audio narration.

"This workbook will introduce your child to grade five vocabulary and reading comprehension exercises in a step-by-step manner"--Cover [p. 1].

A moving memoir about finding and adopting a son from the foster care system with Down syndrome and realizing that life is best lived by expecting the unplanned. As time passes, the author and her husband become less aware they are raising an atypical or adopted child. They are raising their child, no different than any other family.

Notebooking journal for elementary study of human anatomy, written from a Christian perspective.

"A mysterious book of short stories circles Mr L's fifth grade class, passed from student to student, hidden from Mr L's watchful gaze. What makes this book so gripping, readable, and entertaining? Probably something sinister. Mr L takes it upon himself to read these stories and find out..."DISCLAIMER: These stories are for fifth grade boys, about fifth grade boys. If you have never been or known a fifth grade boy, please do not attempt to read this book. FURTHER DISCLAIMER: These stories won't teach lessons. There are no dead dogs or relatives. There is, however, a turtle.-"The best and only book I've ever read." - Jeffrey, fifth grade boy.

When a stray kitten is raised by a family of dogs, she grows up thinking she is a dog. She fetches, growls, gives paw, and even does her best to bark. She loves her dog family, but when a little girl wants to adopt her and gives her the perfect name, the kitten will have to decide where her home really is.

The moment seventeen-year-old Samantha Thompson crawls out of her grave, her second chance at life begins. She died of cancer with her long-time boyfriend, Ethan, by her side-a completely unfair shot at life. But Ethan found a way to bring her back, like he promised he would. Only Sam came back wrong. She's now a monster that drains others' lives to survive. And after she kills, she's tortured by visions--glimpses into her victims would have- been futures had she not killed them. Barely able to live with herself and trying to make things right, Sam ends up a pawn in a vicious game of payback within the local coven of witches. But when the game reveals what Ethan had to do to save Sam, she must make a choice that will change all their lives forever.

Of four billion trees that once dominated the Eastern Forest, only an isolated few survived the early 20th century Chestnut Blight. Through back-crossbreeding The American Chestnut Foundation is giving the tree another chance. "Mighty Giants" tells the Big Story in the words of over 25 contributors from Henry Ward Beecher, Henry David Thoreau, newspaper journalists, and Foxfire interviewees, to Nobel Laureates Jimmy Carter and Norman Borlaug, chestnut scientists, and Barbara Kingsolver (from "Prodigal Summer"). Profusely illustrated with photographs both historic and modern, maps, charts, paintings and sketches. Full color throughout. Indexed.

Daily instruction on reading strategies and skills needed to improve comprehension and raise test scores.

THE VOCABULARY ENTRIES.

This lush book of photography represents National Geographic's Photo Ark, a major cross-platform initiative and lifelong project by photographer Joel Sartore to make portraits of the world's animals-especially those that are endangered. His powerful message, conveyed with humor, compassion, and art- to know these animals is to save them.Sartore intends to photograph every animal in captivity in the world. He is circling the globe, visiting zoos and wildlife rescue centers to create studio portraits of 12,000 species, with an emphasis on those facing extinction. He has photographed more than 6,000 already and now, thanks to a multi-year partnership with National Geographic, he may reach his goal. This book showcases

animal portraits- from tiny to mammoth, from the Florida grasshopper sparrow to the greater one-horned rhinoceros. Paired with the eloquent prose of veteran wildlife writer Douglas Chadwick, this book presents a thought-provoking argument for saving all the species of our planet.
