

Warren Buffett Warren Buffett Investing And Leadership Lessons From Warren Buffett Quotes From Warren Buffett Investing Warren Buffett Biography Buffett Letters Warren Buffett Way

Give a man a fish and he eats for a day. Teach him to arbitrage, and he will eat for a lifetime' Warren Buffett Warren Buffett and the Art of the Stock Arbitrage is the first book to explore the secret world of Buffett's arbitrage and special situations investing. Long considered one of the most powerful and profitable of Buffett's investment operations, but the least understood, these special types of investments have been the edge that has made Warren Buffett the world's greatest investor. This book examines Buffett's special brand of arbitrage investing, which involves taking advantage of short term price discrepancies that often occur when one company offers to buy another company. Buffett and David Clark, the authors of four best-selling books on Warren Buffett's investment methods, take the reader deep into the world of Buffett's arbitrage and special situation operations, giving us his strategies, his equations for determining value, and dozens of examples of his investments in this very lucrative segment of Buffett's investment operations. They offer detailed analysis and explanations of Buffett's arbitrage and special situations operations and techniques for the first time ever.

An updated edition of the bestselling collection of timeless wisdom from the world's greatest investor Readers of Warren Buffett's letters to Berkshire Hathaway shareholders have gained an enormously valuable informal education in the art of investing. Broad in scope and long on wisdom, Buffett's letters explain his principles on sound investing, selecting managers, valuing businesses, using financial information profitably, and other vital topics for investors. This newly updated Fourth Edition includes Buffett's latest wisdom on such topics as the financial crisis, the housing bubble, corporate governance, Berkshire Hathaway's acquisition of Burlington Northern Santa Fe, the role of oversight in heavily regulated industries, today's best investing opportunities, and the weaknesses of popular option valuation models. Features investing advice in plain English from one of the world's most legendary investors Includes Buffett's insights on the current financial crisis and recession Offers new and potent insight on good corporate governance and other issues vital to executives and managers For investors, corporate executives, managers, and Buffett fans, The Essays of Warren Buffett, Fourth Edition features the kind of wisdom on investing, finance, and leadership that can be found nowhere else.

Focusing on the investment rules that made Warren Buffett a master investor, the author shows readers how to stop losing money, choose stocks wisely, and be greedy while others are fearful, and vice versa. 25,000 first printing.

Revealed! The secret behind Warren Buffett's 20% return rate over 60 YEARS The Warren Buffett Philosophy of Investment reveals—for the first time—how the world's #1 investor combines his trademark value investing with a unique approach to mergers and acquisitions. The huge interest in Warren Buffett stems from the challenge to understand his history of earning more than 20% on capital annually during the last 60 years. Modern financial theory does not allow for this degree of success, nor has anyone else been able to replicate it. The book argues that Buffett's secret can be explained only if one looks beyond the theory of investing. The author sees the major drivers of his success as the transformation of Mr. Buffett's name into a super-brand of mergers and acquisitions, as well as his hands-off policy with respect to the acquired companies. As a result, Buffett enjoys numerous opportunities to buy first-class companies at moderate prices and keeps the existing good managers responsible for further value creation. Elena Chirkova is a professor of finance in the Higher School for Economics in Moscow and was previously Head of Corporate finance for Deloitte's office in Russia.

Following in the tradition of the TAO TE CHING, that ancient Chinese classic text on human nature, and more popular interpretations like the bestselling THE TAO OF POOH, wisdom from the iconic cartoon figure, THE TAO OF WARREN BUFFETT is a compendium of quotes from one of the world's favourite businessmen. Buffett's investment strategies and life philosophies are revealed in this easy-to-read collection of sayings, some of which have never been heard before. The perfect gift for everyone on your list: from serious investors to over-spenders, Warren Buffett can teach everyone a few secrets of success.

"Trading is notoriously tough. But Altucher's new book adds an noteworthy addition to the library on Warren Buffett. He shows a lot of Buffett that isn't readily available in the existing common literature. Definitely required reading for any serious Buffett buff." -Kenneth L. Fisher, Forbes' "Portfolio Strategy" Columnist Founder and CEO, Fisher Investments "Finally, someone blows apart the myth that Warren Buffett is a buy-and-hold investor. Altucher has given us an insightful and well-written commentary on how Buffett has amassed his track record, and what we can do to emulate him. He details the trade-by-trade examples. This is a must read for anyone wanting to learn about how the Master Investor works." -John Mauldin, author, Bull's Eye Investing editor of Thoughts from the Frontline (www.2000wave.com) While Warren Buffett is considered the "world's greatest value investor," there's another side to Buffett that is rarely talked about. Although Buffett has gained recognition for his value investing approach to the markets, the fact is that nobody over the past fifty years has traded and invested with a more diverse group of strategies than Buffett. Trade Like Warren Buffett challenges the current coverage of this great investor by including details of all of Buffett's investing and trading methods, including mean reversion, commodities, bonds, arbitrage, market timing, funds, as well as Graham-Dodd. To augment the discussion of each strategy, Trade Like Warren Buffett also includes interviews with leading financial professionals, who reveal in detail how they've successfully used the same techniques. There is no one way to sum up Warren Buffett's investment style. But if you're interested in boosting the performance of your portfolio, Trade Like Warren Buffett can show you how.

7 Secrets to Investing Like Warren Buffett

Warren Buffett's Stock Portfolio is the first book to take readers deep into Warren Buffett's investment portfolio. Each of Buffett's current stock investments is analyzed in detail with information as to why Buffett found these attractive businesses and how he determined that they are good long-term investments. Each company will be analyzed using the criteria outlined in *Buffettology* and *Warren Buffett and the Interpretation of Financial Statements*. The reader can then apply these techniques to a variety of other stocks and see if they meet Buffett's criteria. Although information about Warren Buffett's stock portfolio is available on-line, it is merely listings of the stocks Warren owns. No one else explains the criteria Warren uses to determine how and when to buy and sell. In addition this book will include stocks that are too new to be on-line. The authors will also look at a few top-performing stocks that Warren has sold in the last ten years.

In *Warren Buffett: Inside the Ultimate Money Mind*, Hagstrom breaks new ground with a deep analysis of Buffett's essential wisdom, an intricate mosaic of wide-ranging ideas and insights that Buffett calls a Money Mind. What exactly is a Money Mind? At one level, it's a way of thinking about major financial issues such as capital allocation. At another level, it summarizes an overall mindset for successfully investing in today's fast-paced stock market, a mindset that depends on a commitment to learning, adapting, and facing down irrelevant noise. This is not a method book. It is a thinking book. *Warren Buffett: Inside the Ultimate Money Mind* explains the philosophies of self-reliance, stoicism, rationalism, and pragmatism and their contributions to making intelligent investment decisions. It also outlines the evolution of value investing, discusses how to develop a business-driven investing mindset, and describes the defining traits of successful active management. Lastly, it examines the surprising aspects of a Money Mind – sportsman, teacher, and artist. In short, *Warren Buffett: Inside the Ultimate Money Mind* helps readers understand the building blocks that go into making a Money Mind so they can begin to incorporate its principles in the service to a life of value. Testimonials "An erudite masterpiece..." –Lawrence A. Cunningham, author; professor and director, Quality Shareholders Initiative, George Washington University "It's another must-read..." –Bethany McLean, journalist and Contributing Editor, *Vanity Fair*, author, *Saudi America* and co-author *The Smartest Guys in the Room* "Pure Genius! This is a game changer in investment books..." –Robert P. Miles, author; Executive in Residence, University of Nebraska at Omaha, Executive MBA Program, "The Genius of Warren Buffett" "Effervescence and thoughtful analysis of Buffett's life and work..." –Tom Gayner, Co-chief Executive Officer, *Markel Corporation* "Hagstrom's books always enable readers to think about the world in new ways..." –Tren Griffin, author, *Charlie Munger: The Complete Investor*

Since the 1950s, Warren Buffett and his partners have backed some of the twentieth century's most profitable, trendsetting companies. But how did they know they were making the right investments? What did Buffett and his partners look for in an up-and-coming company, and how can others replicate their approach? A gift to Buffett followers who have long sought a pattern to the investor's success, *Inside the Investments of Warren Buffett* presents the most detailed analysis to date of Buffett's long-term investment portfolio. Yefei Lu, an experienced investor, starts with Buffett's interest in the Sanborn Map Company in 1958 and tracks nineteen more of his major investments in companies like *See's Candies*, the *Washington Post*, *GEICO*, *Coca-Cola*, *US Air*, *Wells Fargo*, and *IBM*. Accessing partnership letters, company documents, annual reports, third-party references, and other original sources, Lu pinpoints what is unique about Buffett's timing, instinct, use of outside knowledge, and postinvestment actions, and he identifies what could work well for all investors in companies big and small, domestic and global. His substantial chronology accounts for broader world events and fluctuations in the U.S. stock market, suggesting Buffett's most important trait may be the breadth of his expertise.

Published in 1997, the bestselling *BUFFETTOLOGY* was tailored to the conditions of investors in the midst of a long bull market. Now, four years later, that market has seen once hot tech stocks crash and investors scramble to move their assets, or what remains of them, back to the safety of traditional blue chip companies. As peaks turn to troughs, worried investors wonder if there are any constants in today's volatile market. The answer is yes: Warren Buffett's value investing strategies make money. And, as *THE NEW*

BUFFETTOLOGY demonstrates, there is no time to acquire like today's bear market. THE NEW BUFFETTOLOGY is the first guide to Warren Buffett's strategy for exploiting down stocks - a strategy that has made him the world's second richest person. Designed to teach investors how to decipher and use financial information like Buffett himself, this one-of-a-kind guide walks readers step-by-step through the equations and formulas Buffett uses to determine what to invest in and, just as importantly, when. Authors Mary Buffett and David Clark explore Buffett's recent investments in detail, proving time and time again that his strategy has earned enormous profits at a time when no one expects them - and with almost zero risk to his capital.

At last, here is a book that reveals what the public really wants to know about this legendary investor: how he determines where he puts his money. From a team with privileged insight, Mary Buffett, a savvy CEO and Warren Buffett's former daughter-in-law, and David Clarke, a successful portfolio analyst, comes BUFFETTOLOGY, the most detailed explanation ever of the billionaire's unique investment techniques. Using Warren Buffett's system to access a company's potential economic excellence and the right price to pay for its stock, BUFFETTOLOGY demonstrates the actual mathematical models and equations, revolving around three variables: the yearly per share earnings figure, its predictability, and the market price of security. With BUFFETTOLOGY, individual investors will come to truly understand, and emulate, Warren Buffett's masterful insight, and see that investment is most intelligent when it is most businesslike.

"The bestselling book on Warren Buffett returns, with new insights on his continued success. Often described as the greatest investor of all time, Warren Buffett grew a \$100 investment in the late 1950s into an investment empire. In the process, he has become one of the wealthiest individuals in the world, and the foremost authority on investing of our generation. With over one million copies sold, The Warren Buffett Way is the definitive book on "The Oracle of Omaha's" investment methods. Completely revised and updated, the Third Edition of The Warren Buffett Way focuses on the timeless principles and strategies behind Buffett's extraordinary investment success. This edition contains new chapters on the important distinctions between investing and trading, as well as an examination of the most successful disciples of Warren Buffett. Throughout the book, fresh examples and case studies are used and Buffett's successful formula is distilled in a way that will provide value to readers for decades to come. This edition represents the totality of Buffett's investment career and focuses on his timeless investing principles Companion website contains "Buffett Investment Calculators," which you can use to calculate the value and investment potential of companies Written by foremost Buffett expert Robert Hagstrom Engaging and informative, the Third Edition of The Warren Buffett Way is a must read--not just for avid Buffett fans, but for anyone who wants to know what it takes to make the best investment decisions possible"--

Since its hardcover publication in August of 1995, Buffett has appeared on the Wall Street Journal, New York Times, San Francisco Chronicle, Los Angeles Times, Seattle Times, Newsday and Business Week bestseller lists. Starting from scratch, simply by picking stocks and companies for investment, Warren Buffett amassed one of the epochal fortunes of the twentieth century—an astounding net worth of \$10 billion, and counting. His awesome investment record has made him a cult figure popularly known for his seeming contradictions: a billionaire who has a modest lifestyle, a phenomenally successful investor who eschews the revolving-door trading of modern Wall Street, a brilliant dealmaker who cultivates a homespun aura. Journalist Roger Lowenstein draws on three years of unprecedented access to Buffett's family, friends, and colleagues to provide the first definitive, inside account of the life and career of this American original. Buffett explains Buffett's investment strategy—a long-term philosophy grounded in buying stock in companies that are undervalued on the market and hanging on until their worth invariably surfaces—and shows how it is a reflection of his inner self.

A clear, simple, and complete guide for beginning investors from bestselling author Mary Buffett and Sean Seah that explains Warren Buffett's techniques of Value Investing and his proven strategies to ensure long-term success. For twelve years, Mary Buffett was part of the Buffett inner circle. During that time, she studied Warren's investment strategies and techniques and observed his habits. Now, in 7 Secrets to Investing Like Warren Buffett, Mary and Sean Seah provide a complete guide for beginning investors who want to understand how to invest like Warren Buffett. Mary and Sean walk readers through the process of assessing and buying stocks step-by-step. Their friendly and direct style and concrete examples make it easy to understand how to avoid common pitfalls and prosper in the stock market. The first section of the book discusses habits to adopt to begin a lifelong journey of wealth building. The second section examines specific stock-picking techniques inspired by Buffett's teacher Benjamin Graham and that are vastly different from the common Wall Street wisdom of trying to time the market. The authors look at timeless principles as well as latest ideas on where to find great investment ideas, and they share the specific financial indicators they look for in a good investment. Finally, Mary and Sean explain how to build and track a portfolio of stocks. From learning how to read financial statements to preparing both personal and professional balance sheets, 7 Secrets to Investing Like Warren Buffett is a must-have companion for every investor. Simple questionnaires, charts, and graphs help illustrate specific strategies. The authors' personal stories provide a clear explanation of the theory behind Value Investing, as well as advice for developing the necessary "soft skills"—habits, mindset, loving what you do, taking care of your mind and body—that have made Warren Buffett and many others so successful.

With an insider's view of the mind of the master, Mary Buffett and David Clark have written a simple guide for reading financial statements from Buffett's successful companies. They clearly outline Warren Buffett's strategies in a way that will appeal to newcomers and seasoned Buffettologists alike. Inspired by the seminal work of Buffett's mentor Benjamin Graham, this book presents Buffett's interpretation of financial statements with anecdotes and quotes from the master investor himself. Destined to become a classic investment book, Warren Buffett and the Interpretation of Financial Statements is the perfect companion volume to The New Buffettology and The Tao of Warren Buffett. This book IS: Completely interactive with over 10 hours of video content. A starting point for amateur and intermediate investors to finally understand the content found in The Intelligent Investor, Security Analysis, and the Wealth of Nations. Easy to understand, yet covers complex topics for stocks, bonds, and preferred shares. Did you know that the world's wealthiest stock investor, is quoted as saying three books have shaped his investment philosophy? For more than half a century, he used the information from these three books to go from nothing - to a massive \$39 billion net worth. The three books that gave him this wisdom are: The Wealth of Nations (pub. 1776) by Adam Smith, Security Analysis (pub. 1934) by Benjamin Graham, and The Intelligent Investor (pub. 1949), also by Benjamin Graham. In fact, Benjamin Graham was Buffett's professor at Columbia and the most influential financial advisor he ever had. So, have you ever tried reading Graham's books? Many might agree the books are as exciting as listening to Ben Stein read on the air of The Wall Street Journal. It is time we fixed that. Instead of keeping these billion-dollar secrets hidden behind thousands of pages of financial jargon, I wrote one simple book: Warren Buffett's Three Favorite Books. If you're looking for a guide that explains how the wealthy really think and buy assets, you're in the right place. This isn't a get-rich-quick book. Instead, this is where your investing techniques take a turn in the road. This book will teach you how to accumulate assets and become very wealthy over decades through sound and proper asset valuation. The best part about the book is the methods are taught in an easy-to-follow and understandable scenario for all to enjoy!

The Warren Buffett Way provided the first look into the strategies that the master uses to pick stocks. A New York Times bestseller, it is a valuable and practical primer on the principles behind the remarkable investment run of the famed oracle of Omaha. In this much-awaited companion to that book, author Robert Hagstrom takes the next step by revealing how to profitably manage stocks once you select them. THE WARREN BUFFETT PORTFOLIO will help you through the process of building a superior portfolio and

managing the stocks going forward. Building a concentrated portfolio is critical for investment success. THE WARREN BUFFETT PORTFOLIO introduces the next wave of investment strategy, called focus investing. A comprehensive investment strategy used with spectacular results by Buffett, focus investing directs investors to select a few of businesses by examining their management and financial positions as compared to their stock prices. A strategy that has historically outperformed the market, focus investing is based on the principle that a shareholder's return from owning a stock is ultimately determined by the economics of the underlying business. Hagstrom explains in easy-to-understand terms exactly what focus investing is, how it works, and how it can be applied by any investor at any level of experience. He demonstrates how Buffett arranges his investment portfolio and reveals why this is as responsible for his incredible returns as the individual stocks he picks. Ultimately, Hagstrom shows how to use this technique to build your own portfolio to achieve the best possible results.

The Warren Buffett Way Workbook consists of over 500 questions and answers to help readers of The Warren Buffett Way reinforce and cement their knowledge of Buffett's successful investment approach. The Workbook follows The Warren Buffett Way, 3e, providing a combination of multiple choice and essay questions for each chapter in the book. Given the depth and range of questions, a reader who masters the material in the Workbook will be equipped with the knowledge to begin to apply Buffett's methods to their own investment portfolio. All answers are provided in the Workbook, including answers to the essay questions. The perfect accompaniment to The Warren Buffett Way, 3e and the Buffett Way Video Course, the Workbook will provide readers with a sure path to begin investing just like Warren Buffett.

Explores in detail the way that Warren Buffett really invests, including his multifaceted investment principles, portfolio diversification practices, how he thinks differently about market efficiency and corporate governance and how to use these techniques in your own investment portfolio.

Bedrock investing principles for profiting in today's shaky markets If you wanted to create the next earth-shattering consumer product, Steve Jobs would be an ideal role model to follow. If you planned to become a great golfer, you might look to Arnold Palmer or Jack Nicklaus. So, if your goals were to outperform other investors and achieve your own financial goals, what should you do? Think, act and invest like the best investor out there: Warren Buffett. While you can't invest exactly like he does, Think, Act, and Invest Like Warren Buffett provides a solid, sensible investing approach based on Buffett's advice regarding investment strategies. When it comes to investing, Director of Research for the Wall Street Journal and CBS News blogger Larry Swedroe has pretty much seen it all—and he's come to the conclusion that simple is better, that adopting basic investing principles always increases an investor's chance of success and that Buffett is the perfect model for such investing. In Think, Act, and Invest Like Warren Buffett, Swedroe provides the foundational principles you need to: Develop a financial plan to help you make rational decisions on a consistent basis Determine the level of risk that's right for you and allocate your assets accordingly Build a strong portfolio that will weather any economic storm Manage your portfolio—rebalance periodically to maintain proper risk levels The beauty of the Buffett approach is its simplicity: follow the basics, keep your cool, and have a sense of humor. The market volatility of recent years has ushered in armies of economists, forecasters and other market experts whose job it is to explain how everything works. Somehow, they have managed to muddy the waters even more. The truth is, investing is easier than you think. Think, Act, and Invest Like Warren Buffett helps you go back to the basics—so you can leap into the investing pack. Praise for Think, Act, and Invest Like Warren Buffett: "You could not spend a more profitable hour than reading Larry Swedroe's wise and lucid investment guide." —Burton Malkiel, author, A Random Walk Down Wall Street "If you've been wondering why you've had such a hard time investing well, Playing the Winner's Game will do the trick. It kills ills and treat them in just ninety short, delightful pages." —William Bernstein, author, A Splendid Exchange and The Investor's Manifesto "Follow the investment strategy of Warren Buffett, Larry Swedroe, and free yourself to spend your time on life's treasures—like your family and friends!" —William Reichenstein, professor, Baylor University "As someone who has taught a college investments course, I would not have thought it possible to do what Swedroe has done in such a short concise book." —Edward R. Wolfe, professor of finance, University of Texas at Dallas "It's amazing. Larry Swedroe managed to pen a magnificent book not only chock full of actionable advice, but one that's fun to read. Get a copy and treat yourself to a better financial future." —Harold Evensky, president, Evensky & Katz "Larry Swedroe is the undisputed expert in helping investors manage portfolios the smart way. His book, Playing the Winner's Game, combines all facets of wealth management in an inspiring and powerful manner." —Bill Schultheis, author, The New Coffeehouse Investor Compiled by the son of the cofounder of H&R Block, a collection of business quotes and advice from the most successful investor of the twentieth century, Warren Buffett, chairman and CEO of Berkshire Hathaway, is widely considered the most successful investor of the twentieth century. Since the early 1950s, Buffett has proven himself an astute investor, and he turned Berkshire Hathaway from a struggling small textile business into the fifth-largest public company in the world, valued at nearly \$350 billion. He is well known for his simple but invaluable principles regarding investing and finances, and countless businessmen and people looking to be smarter with their money and investments have turned to Buffett for his advice. One of those people is Robert Bloch, son of the cofounder of the tax preparation company H&R Block. The Warren Buffett Investing Wisdom contains nearly three hundred quotes that Bloch has personally found to be indispensable to financial success. With the written blessing of Buffett himself, this book has selected the best of Buffett, wisdom that will guide you to becoming the most disciplined and rational long-term investor you can be.

When Warren Buffett Speaks. . . people listen. "If people want to improve their investing skills, it has to help to study how the Master does it. This short book outlines Buffett's philosophy and techniques." —Peter S. Lynch, Fidelity Investments "Common sense with a deft irony . . ." —John C. Bogle, founder of The Vanguard Group and author, The Little Book of Common Sense Investing "It was Warren Buffett's thoughts and philosophy that first captivated investors. Janet Lowe has done us all a great service by collecting and arranging Warren Buffett's wit and wisdom in an easy-to-read and enjoyable book." —Robert G.

Hagstrom, Portfolio Manager, Legg Mason Growth Trust mutual fund, and author, The Warren Buffett Way, Second Edition "A must-read. Buffett's wit and wisdom is a roadmap for anyone looking to succeed in business, investing, and life." —Steve Halpern, Editor, www.thestockadvisors.com

This book concentrates on the investment style of Business Perspective Investing, as practiced by Benjamin Graham and Warren Buffett. It takes the reader through the realisation that the thought process involved when buying shares in a company is no different to buying the company in its entirety. Beginning with how to assess the quality of a business, it explains and illustrates with examples what to look for in company accounts, how to determine the value drivers of a business, the strength of its franchise and how to interpret key financial ratios and performance indicators. It discusses the ideal characteristics of a business worthy of investment so that you will develop a mental checklist of what to look out for. The book then sets out a number of valuation methods to determine the likely economic worth of a company. It is against this estimate that a judgement can be made as to whether a share price offers good value. The book concludes with thoughts on portfolio construction, in particular Focus Investing, where a concentrated approach is taken, and legitimate reasons for deciding to sell a holding. Throughout, the emphasis is on the methodology used to manage the Sanford DeLand UK Buffettology Fund.

The proven business principles of Warren Buffett Warren Buffett is one of the most admired and prolific investors and managers in corporate America. Warren Buffett on Business is a timeless guide to strategies that can help you run a successful business. This book is a one-of-a-kind collection of Buffett's letters to the shareholders of Berkshire Hathaway written over the past few decades, and in a clear, simple style distills the basic principles of sound business practices. Through Buffett's own remarkable words, this practical management handbook shares valuable insights on communicating with, and treating employees and shareholders fairly; responsible corporate governance; ethical behavior; patience and perseverance; admitting mistakes; and having a passion for work. Contains priceless pearls of business and management wisdom, woven into a delightful narrative Designed in an accessible manner and organized by business and management topics with strong lessons from Buffett Provides direct, hands-on information on major topics concerning managers, entrepreneurs, business students, and anyone interested in business Informative and inspiring, this unique book puts Warren Buffett's business beliefs in perspective.

Bestselling authors Mary Buffett and David Clark examine seventeen companies that Warren Buffett has bought for himself and for his holding company, Berkshire Hathaway, as durable investments and explain why these companies are once again selling at prices that offer great long-term growth prospects. Warren Buffett has always believed that the time to buy stocks is when nobody else wants them. As we enter the fifth year of what many economists are calling the Great Recession, we find that some of the most amazing businesses—those with a durable competitive advantage—are trading at prices and price-to-earnings ratios that offer investors serious long-term moneymaking opportunities. Pessimism about the banking situation in Europe and unemployment in America have created the perfect storm to bring stock prices down and present value-oriented investors some great possibilities. In Warren Buffett's world, as stock prices decrease, the prospects for investment increase. Putting a number on those prospects tells Warren whether or not the stock is an attractive buy. The Warren Buffett Stock Portfolio explains how to do just that—how to value companies and conservatively estimate the kind of future return that an investment is offering at its current market price. Mary Buffett and David Clark look at stocks in Warren's portfolio as the basis for their analysis. After a brief history of Warren's investment strategy, Buffett and Clark explain how to interpret a

company's per-share earnings and per-share book-value histories to quickly identify which companies have a durable competitive advantage and to project the compounding annual rate of return that an investment offers. The authors provide case studies and evaluations of seventeen companies in Warren Buffett's portfolio. The Warren Buffett Stock Portfolio is a valuable companion to the other books in Buffett and Clark's successful series—Buffettology, The Buffettology Workbook, The New Buffettology, The Tao of Warren Buffett, Warren Buffett and the Interpretation of Financial Statements, Warren Buffett's Management Secrets, and Warren Buffett and the Art of Stock Arbitrage.

Describes the investment strategies of the world's most famous stock investor, recounting how he made a fortune by purchasing pieces of outstanding companies since the early 1980s

The 'Sage of Omaha', Warren Buffett, is well-known for his simple but invaluable principles regarding investing and finances, and countless businessmen and people looking to be smarter with their money have turned to Buffett for his advice. One of those people is Robert Bloch, son of the cofounder of the tax preparation company H&R Block. My Warren Buffett Bible contains nearly three hundred quotes that Bloch has personally found to be indispensable to financial success. With the written blessing of Buffett himself, Bloch has selected the best of Buffett, wisdom that will guide you to becoming the most disciplined and rational long-term investor you can be.

Investing isn't a man's world anymore—and the provocative and enlightening Warren Buffett Invests Like a Girl shows why that's a good thing for Wall Street, the global financial system, and your own future. This indispensable new volume from the multimedia financial education company Motley Fool, Warren Buffett Invests Like a Girl offers essential advice for every investor hoping to turn today's savings into tomorrow's wealth.

Timeless Investing Strategies for Any Economy For five decades, Warren Buffett has been making himself one of the wealthiest men in the world, amassing more than 30 billion dollars by investing. Remarkably, he did it by spurning popular Wall Street trends, adhering instead to his own unique discipline, one the world has come to know as Buffettology. In The Buffettology Workbook, international lecturer Mary Buffett has again joined forces with David Clark, the world's leading authority on Warren Buffett's investment methods, to create an in-depth, step-by-step guide to the concepts and strategies that create fantastic wealth. Here you will learn: The difference between a great company and a great undervalued company How the short-sightedness of Wall Street pundits can work to your advantage How to make investments with long-term, consistent, and extraordinary growth potential To perform the same financial calculations Buffett uses, and apply them to stocks you'd like to buy

Explains financial analysis techniques, shows how to interpret financial statements, and discusses the analysis of fixed-income securities and the valuation of stocks

A practical guide for investors who are ready to take financial matters into their own hands The Warren Buffetts Next Door profiles previously unknown investors, with legendary performance records that you don't need to work for a hedge fund or have an Ivy League diploma to consistently beat the best performing Wall Street professionals. These amazing individuals come from all walks of life: a dropout and a retired disc jockey to a computer room geek and a truck driver. Their methods vary from technical trading and global macro-economic analysis to deep value investing. The glue that holds them together is their passion for investing and their ability to efficiently harness the Internet for critical investment ideas, research, and trading skills. The author digs deep to find the best of the best, even finding them during these turbulent times Contains case studies that will explain to you how these great individual investors find and profit from stocks and options. Shows you how to rely on your own instincts and make investment decisions In an era when the best professional advice has cracked many investor nest eggs and Madoff-style frauds have shattered investor trusts, the self-empowered investors found here offer an inspiring and educational tale.

Are you ready to start growing your money today? Then scroll to the top of this page and click on the link. Warren Buffett is the most famous investor of all time and one of today's most admired business leaders. He became a billionaire and investment sage by looking at companies as businesses rather than as stocks. The first two editions of The Warren Buffett Way gave investors their first in-depth look at the innovative investment and business strategies behind Buffett's spectacular success. The new edition updates Buffett's investments by Buffett. And, more importantly, it draws on the new field of behavioral finance to explain how investors can overcome the common obstacles that prevent them from investing like Buffett. To think like a long-term investor – just like Buffett Why "loss aversion", the tendency of most investors to overweight the pain of losing money, is one of the biggest obstacles that investors must

in the face of the ups and downs of the market has been the key to Buffett's investing success. Analysis of Buffett's recent acquisition of H.J. Heinz and his investment in IBM stock. The greatest of all in this selection of the right stocks, Hagstrom writes, but in having the fortitude to stick with sound investments in the face of economic and market uncertainty. The new edition explains the psychological approach, thus giving readers the best roadmap yet for mastering both the principles and behaviors that have made Buffett the greatest investor of our generation.

A collection of pithy and inspiring sayings from America's favorite businessman that reveal his secrets of success. Like the sayings of the ancient Chinese philosopher Lao-tzu, Warren Buffett's words are and enormously powerful in application. In *The Tao of Warren Buffett*, Mary Buffett -- author of three books on Warren Buffett's investment methods -- joins noted Buffettologist and international author Robert Hagstrom to give you Warren Buffett's smartest, funniest, and most memorable sayings with an eye toward revealing the life philosophy and the investment strategies that have made Warren Buffett, and the shareholders, enormously wealthy. Warren Buffett's investment achievements are unparalleled. He owes his success to hard work, integrity, and that most elusive commodity of all, common sense. The quotations in this book are Warren's practical strategies and provide useful illustrations for every investor -- large or small -- and models everyone can follow. The quotes are culled from a variety of sources, including personal reports, profiles, and interviews. The authors provide short explanations for each quote and use examples from Buffett's own business transactions whenever possible to illustrate his words at work. "Invest in a business that even a fool can run, because someday a fool will." "With enough inside information and a million dollars, you can go broke in a year." "No matter how great the talent or effort, you can't produce a baby in one month by getting nine women pregnant." "Our method is very simple. We just try to buy businesses with good-to-superb underlying economics run by honest and sensible prices. That's all I'm trying to do." *The Tao of Warren Buffett* inspires, amuses, sharpens the mind, and offers priceless investment savvy that anyone can take to the bank. This irresistibly readable book is destined to become a classic.
